WAIVER OF PREMIUM – DREAD DISEASE (PLAN CODE: U26)
(APPLICABLE FOR INVESTMENT-LINKED LIFE INSURANCE)

PLAN DESCRIPTION

These are the optional benefits designed to provide protections on the life of Life Assured of an Investment-linked policy. Insurance charge will be deducted by cancellation of units. Hence, no separate premium is required to be paid. These optional benefits can be attached at any time effective at next monthly due.

PLAN BENEFIT

In the event of the Life Assured being diagnosed to be suffering from any one of the Covered Events, the Company shall pay the annual investment premium for the Investment-linked plan and waive the payment of all future premiums due under the riders and supplementary benefits (only applicable for child policy Age 16 years next birthday and below) attached to the policy immediately following the happening of any of the above event and terminating with the premium preceding the expiry date of the WP-DD. For adult policy, upon a WP-DD claim, all Supplementary Benefits will automatically be cancelled. The waiver of the premiums is up to age 70 of the Life Assured.

Note:

- The investment premium will be credited by the Company into each fund as per apportionment amount chosen by the Life Assured prior to the happening of any of the above events. Policyowner may change this apportionment by filling up a form.
- Upon claim of this rider, policyowner still can top-up his/her investment.
- Investment premium paid in advance will be treated as single premium top-up upon WP-DD claim.
- Premium increment is not allowed after a WP-DD claim.

MONTHLY INSURANCE CHARGE

Monthly Insurance Charge will vary according to age next birthday at last policy anniversary, sex and smoking status of the payer. Monthly Insurance Charges will be deducted by cancellation of units at the beginning of each policy month based on the Sum Assured calculated using the formula below.

$$\text{Monthly Insurance Charge} = \frac{\text{Insurance Charge}^{*} \times \text{Sum Assured}^{**}}{1000 \times 12}$$

* Refer to tables on page 10 for Insurance Charge on WP-DD
** Sum Assured for the Monthly Insurance Charge is calculated as below.

UNDERWRITING

1. SUM ASSURED

The investment premium that the company shall pay in the event of a claim is limited to the current annual investment premium of the plan.

Sum Assured for calculating the monthly insurance charge:

Adult: Min [Max premium to be waived (by mode), Basic investment premium installment] x a_1

Child: Min [max Premium to be waived (by mode), Basic investment premium installment] x a_1 + [Supplementary Benefit installments] x a_2

Where $a_1 = \frac{1 - [1+i]^{-T1}}{i}$ And $a_2 = \frac{1 - [1+i]^{-T2}}{i}$

i = $1.055^{1/n}$ - 1

n = 1 for annual mode
= 2 for half-yearly mode
= 4 for quarterly mode
= 12 for monthly mode

T1 = the remaining number of Basic Investment Premium installments (up to the expiry of the WP-DD coverage term) as at the date of calculating excluding the one becomes due on the day of calculation.

T2 = the remaining number of Supplementary Benefit Premium installments (up to the expiry of the Supplementary Benefits or WP-DD coverage term, whichever is earlier) as at the date of calculating excluding the one becomes due on the day of calculation.

The maximum premiums to be waived are based on the table below.

Mode of Payment	Max Basic Investment Premium to be Waived Per Life
Annual	RM24,000
Half-Yearly	RM12,000
Quarterly	RM6,000
Monthly	RM2,000

2. Non-medical Limit

The formula for determining the medical limits and non-medical limits for the WP-DD is as follows:

Adult: 30% x Min [Annual basic investment premium, RM24,000]
x Min [Coverage term of WP-DD, 10]
Child: 30% x {Min [Annual basic investment premium, RM24,000] + Annual Supplementary Benefit premium} x Min [Coverage term of WP-DD, 10]

3. Age at Entry

Minimum : 1 year next birthday
Maximum : 65 years next birthday

4. Risk Charge Term / Coverage Term #

Minimum : 5 years
Maximum : 70 minus Life Assured's age next birthday at entry of WP-DD or up to the term of the basic policy, whichever is earlier

*Note : # Risk Charge Term means the period where insurance charges are being levied. Coverage Term means the period where the specified events are being covered. The policyholder **does not** need to specify the risk charge term / coverage term.*

5. Benefit Term ##

Minimum : 5 years
Maximum : 70 minus Life Assured's age next birthday at entry of WP-DD or up to the term of the basic policy, whichever is earlier

*Note : ## Benefit Term means the period where the premiums are being waived if the Life assured is Diagnosed of one of the Covered Events. The policyholder **needs** to specify the benefit term.*
