Great Early Triple Care (Plan Code: 0479)

Plan Name	:	Great Early Triple Care
Plan Code	:	0479
Plan Abbreviation	:	GETC
Target Launch Date	:	13 November 2017
GST	:	Not applicable

PLAN DESIGN

1. This is a non-participating plan that provides coverage against Cancer, Heart Attack and Stroke (Early Stage, Intermediate Stage and Advanced Stage), Death Benefit and Maturity Benefit.
2. This plan expires at policy anniversary on which the life assured's age is 80 years next birthday.
3. This plan is subject to Medical and Health Insurance (MHI) guideline (Not applicable for MHI Ratio Check).

BENEFITS

1. **Covered Event Benefit**

Upon occurrence of the covered events as shown below, a percentage of the basic sum assured (depending on the stage of the covered event claim) will be payable in one lump sum.

No.	Covered Event Category	Covered Events Stage		
		Early Stage	Intermediate Stage	Advanced Stage
1	Cancer	i. Carcinoma in situ (CIS) ii. Early Prostate Cancer iii. Early Thyroid Cancer iv. Early Bladder Cancer v. Early Chronic Lymphocytic Leukaemia	i. Mastectomy for CIS Breast ii. Prostatectomy for Early Prostate Cancer	Cancer
2	Heart Attack	i. Cardiac Pacemaker Insertion ii. Less Severe Heart Attack	Cardiac Defibrillator Insertion	Heart Attack
3	Stroke	Nil	Carotid Artery Surgery	Stroke

Benefits Payout for Different Stages of Covered Events	
Early / Intermediate Stage	- Pay 100% of basic sum assured per claim. - Maximum of 2 claims and both claims must not be from the same Covered Event Category. E.g. if a life assured has already claimed Early Stage Cancer, he/she cannot claim Intermediate Stage Cancer but he/she can still claim Early / Intermediate Stage Heart Attack and Stroke. - 1 year waiting period between Early / Intermediate Stage Heart Attack and Stroke claims.
Advanced Stage	- Pay 300% of basic sum assured or total premium paid, whichever is higher, less any prior claims. - The policy will be terminated after an Advanced Stage claim. - No waiting period between Early / Intermediate Stage claim and Advanced Stage claim.

Great Early Triple Care (Plan Code: 0479)

Notes:

i. Upon a claim on Early / Intermediate Stage, the premium will remain the same.
ii. If there are two or more claims under different stages of the same Covered Event Category at the same time, the Company will only pay the highest claim that is admitted. For example, if the life assured is diagnosed with Lung cancer (Advanced Stage) and had to undergo Mastectomy for CIS Breast (Intermediate Stage), the Company will pay for the Advanced Stage cancer, i.e. 300% of BSA or total premium paid, whichever is higher, less any prior claims.
iii. If there are more than one Early / Intermediate Stage Covered Events from the same category diagnosed at the same time, the Company will only pay for one of the Early / Intermediate Stage Covered Events. For example, if the life assured is diagnosed with Early Thyroid Cancer and Early Bladder Cancer, only one early cancer can be claimed. The life assured can only claim for Early Thyroid Cancer or Early Bladder Cancer.
iv. If there are more than one Advanced Stage Covered Events diagnosed at the same time, the Company will only pay for one of the Advanced Stage Covered Events. For example, if the life assured has a heart attack and stroke at the same time, only one Advanced Stage Covered Event will be admitted. The life assured can only claims for Heart Attack or Stroke.
v. The policy shall terminate once a claim for Advanced Stage Covered Event has been admitted,
vi. The standard child lien shall apply for child before age 5 years next birthday.

2. Death Benefit

Upon death of the Life Assured, the Company will pay the total premium paid including health loading (if any) or cash value, whichever is higher in one lump sum. The computation of cash value will be based on 100% of sum assured and shall be subject to the deduction of the payout for Early / Intermediate Stage claims.

3. Maturity Benefit

Upon the survival of the life assured to the policy anniversary on which the life assured's age is 80 years next birthday, 100% of the basic sum assured or total premium paid including health loading (if any), whichever is higher, will be payable.

4. Waiting Period

A 30/60 day waiting period shall apply, depending on the types of covered event, as shown in the table below:

Waiting Period	**30 days**	**60 days**
Covered Events	Advanced Stage Stroke	- Early Stage Covered Events - Intermediate Stage Covered Events - Advanced Stage Cancer - Advanced Stage Heart Attack

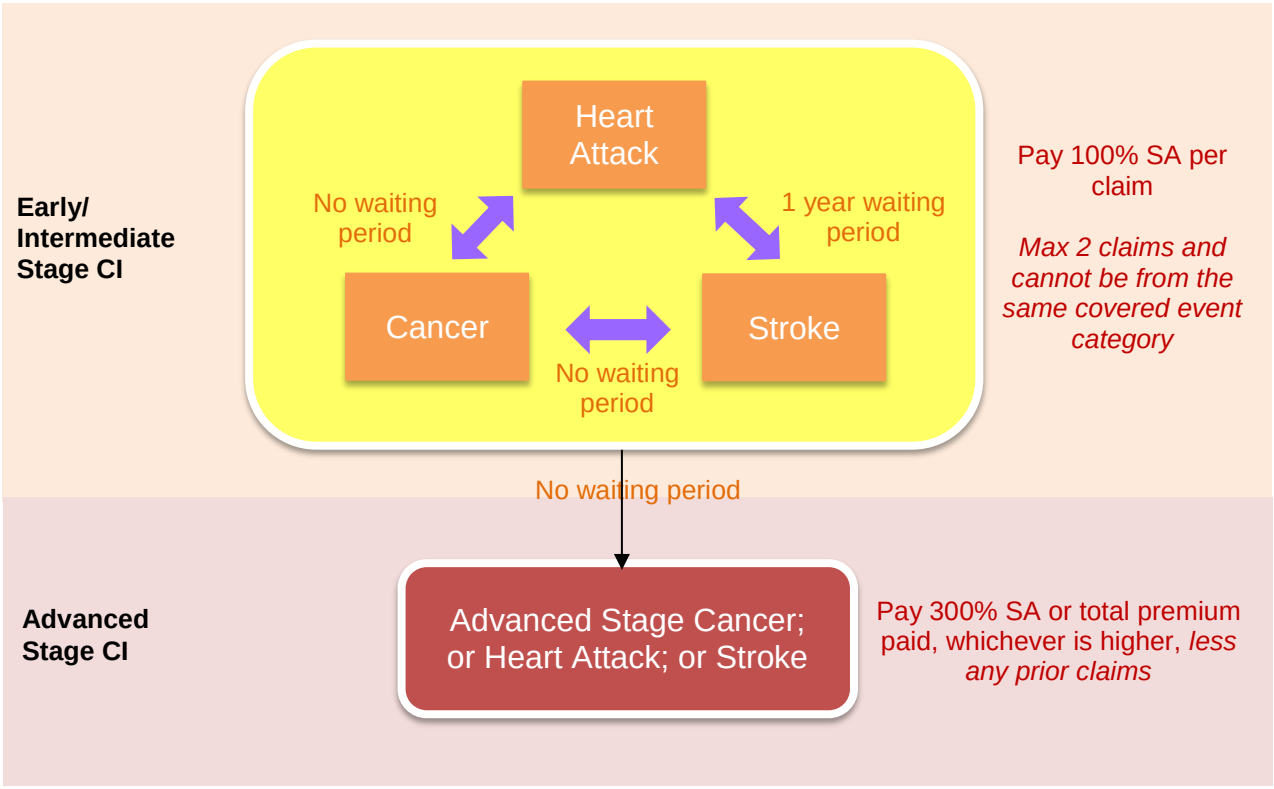

5. Survival Period

Upon occurrence of a Covered Event other than Cancer, the Life Assured has to survive for at least 7 days.

6. Summary of Benefits

Benefits	**Payout**
Early / Intermediate Stage Covered Events	100% of basic sum assured a) Max of 2 claims and must be from different Covered Event Category b) 1 year waiting period between Early / Intermediate Stage Heart Attack and Stroke claims.
Advanced Stage Covered Events	300% of basic sum assured or total premium paid, whichever is higher, less any prior claims
Death Benefit	Total premium paid or cash value, whichever is higher
Maturity Benefit	100% of basic sum assured or total premium paid, whichever is higher

Great Early Triple Care (Plan Code: 0479)

PREMIUM

1. **Premium Payment Modes and Modal Factors**
   a) Annual, Half Yearly, Quarterly and Monthly.
   b) Standard factors apply for mode other than annual mode.

Mode of premium payments	Factors
Half Yearly	0.5100
Quarterly	0.2575
Monthly	0.0875

2. Premium Payment Method
Cash, GIRO, Banker's Order, cheque and credit card are allowed for all modes of premium payments. However, cash and cheque are not allowed for monthly mode of payment.

3. Premium Payment Term
Premiums are payable until the end of the policy term or upon Death or when the Life Assured is diagnosed to be suffering from any one of the advanced stage covered events insured by the Company, whichever occurs first.

4. Premium Rate
Premium rates vary by entry age next birthday, gender and smoker status. Premium rates are level throughout the premium payment term but **non-guaranteed**. Please refer to appendix 1 for premium rates.

Great Early Triple Care (Plan Code: 0479)

UNDERWRITING

1. Entry Age

Minimum : 30 days old attained age
Maximum : 60 years next birthday

2. Policy Term

Up to policy anniversary on which the life assured's age is 80 years next birthday.

3. Sum Assured

Minimum and maximum per life:

	Minimum	**Maximum**	
	All Ages	30 days - 45	46 – 60
Sum Assured	RM50,000	RM500,000	RM300,000

Notes:

i. This limit is per life per product under Agency Channel.
ii. The combined sum assured per life limit for this plan and Great Early Triple Care Special (Plan Code: 0478) is RM500,000.
iii. a) The sum assured is not subject to aggregated maximum SA (e.g. RM4,000,000) of critical illness limit under Agency Channel on any one life under all policies issued by the Company.
b) The sum assured is not subject to aggregated maximum SA RM350,000 for Great Early Living Care (Plan Code: 0424), for Great Early Living Care 2 (Plan Code: 0455), Great Early VantageCare (Plan Code: 0437) and Great Early VantageCare 2 (Plan Code:0461).
c) The sum assured is not subject to aggregated maximum SA RM350,000 for Great Early Cancer Care Special (Plan Code: 0440) and Great Early Cancer Care (Plan Code: 0443).

4. Increase Sum Assured

Policyholder may increase the sum assured within the first policy year, provided no claim has been admitted. The increase is subject to applicable underwriting of this product.

5. Decrease Sum Assured

Policyholder may decrease the sum assured at anytime, subject to the minimum sum assured limits and provided that no claim has been admitted. Decrease in sum assured can only take effect from next premium due date.

6. Backdating

Allowed up to 1 year and provided the Life Assured is within the maximum eligible entry age, i.e. on or before 60 years next birthday at the point of submitting the proposal via e-Sub. Overdue interest will be charged if backdating is more than 6 months.

7. Underwriting Requirement

Underwriting Guidelines

a) Full medical underwriting for this plan.
b) Normal financial underwriting will be applicable.
c) This plan is applicable for Malaysian, Singaporean, Bruneian and Permanent Resident in Malaysia. Foreigner applicant is allowed however required to reside in Malaysia for a minimum of 6 months prior to application and subject to underwriting decision (Note: Foreign applicant from high risk country will be declined).
d) For determining the non-medical limits*, 300% SA of this product and any existing policies within 2 calendar years will be considered for calculation of NML.

**Kindly refer to the latest non-medical limits table.*

Great Early Triple Care (Plan Code: 0479)

DISCOUNT

1. Large Sum Assured Discount
Not applicable

2. Non-smoker Discount
Separate premium rates applicable to smoker and non-smoker.

3. Female Discount
Separate premium rates applicable to male and female.

OTHER PRODUCT FEATURES

1. Surrender
Guaranteed cash value is available after the payment of 2 years premium. Upon surrender of the policy, the guaranteed cash value shall be payable. The computation of cash value will be based on 100% of sum assured.

Guaranteed CV at time t
= CV Factor at time t x [(Basic Sum Assured*300% - Early and Intermediate Claims) / (Basic Sum Assured*300%)] x (Basic Sum Assured / 1000)

If a claim has been paid for Early/Intermediate Stage Covered Event Benefit, the cash value shall be reduced by 1/3 for each claim. For example, if the current cash value for the policy is RM30,000, after a claim on Early Stage Cancer, the reduced cash value would be RM20,000.

2. Partial Surrender
Allowed, provided no claim has been admitted and subject to the minimum sum assured limits.

3. Policy Loans
Up to 92% of the cash value.

4. Automatic Premium Loan
After the policy has acquired cash value, the policy shall not become void for non-payment of renewal premium within the 30 days grace period so long as the cash value is sufficient to advance the premium due.

5. Extended Term Assurance
Not allowed.

6. Paid-Up Assurance
After the policy has acquired cash value (proportionate according to the Guaranteed CV if there are claims on **Early / Intermediate Stage**), the policy may be converted to a non-participating Paid-Up Assurance. Upon conversion to a Paid-Up Assurance, all benefits under this plan shall cease except with a reduced sum assured payable in the event of death of the Life Assured or on the Life Assured's survival to maturity date of the policy.

If the cash value is more than the amount required to convert this policy into the paid-up assurance, the excess amount will be refunded in cash at the date of conversion.

7. Replacement of Policy
Applicable. An agent or agency leader may not receive any compensation with respect to a policy, which replaced another policy within a duration of less than 12 months before or after the original policy discontinued subject to the current practice.

8. Advanced Premium
Allowed as per current practice.

Great Early Triple Care (Plan Code: 0479)

9. Free-Look Period
Policyholder is allowed to cancel the policy within 15 days. Under such circumstance, total premium paid minus the expenses incurred for medical examination (if any) will be refunded and commissions will be clawed back accordingly.

10. Assignment / Nomination / 3rd Party Policy
Allowed

11. Reinstatement
Allowed within 3 years from the lapsed date. Waiting Period shall apply again upon reinstatement.

12. Special Revival / Study Loan
Not allowed

13. Vesting for Child
Standard vesting provision shall apply

14. Change of Plan at CS Stage
Not allowed.

OTHER PRIVILEGES

1. Option to Purchase a New Policy (Standard life only)
Not applicable

2. Option to BuyBack (Standard life only)
Not applicable

3. Conversion Privilege
Not applicable

RIDERS

No rider for attachment.

EXCLUSIONS

Death:
If the Life Assured, whether sane or insane, commits suicide within one (1) year from the Risk Commencement Date or from the date of any reinstatement, whichever is later, the Company's liability shall be limited to the refund of premiums paid without interest. This Policy shall then terminate.

Covered Events:
The Company will not be liable for any Covered Event Benefit under this plan if the conditions associated with the Covered Event:

i. has existed prior to Risk Commencement Date or the date of any reinstatement, whichever is later; or
ii. has occurred to the Life Assured for which:
    a) any condition existed or was Diagnosed
        - during the Waiting Period; or
        - after the expiry of the Waiting Period but which is related to a condition which existed or was Diagnosed during the Waiting Period; or
    b) signs and symptoms existed before or during the Waiting Period which would prompt a reasonable person to seek medical care or attention, though the resulting Diagnosis may occur before or after the expiry of the Waiting Period.

    Such claim will not be admissible only because notification of the said claim was given to the Company after the expiry of the Waiting Period; or
iii. was Diagnosed due to, directly or indirectly, a congenital defect or disease, which was manifested or was Diagnosed before the Life Assured attains the age of seventeen (17) years next birthday; or
iv. was caused directly or indirectly by the existence of Acquired Immune Deficiency Syndrome (AIDS) or by the presence of any Human Immuno-deficiency Virus (HIV) infection. We reserve the right to

Great Early Triple Care (Plan Code: 0479)

require the Life Assured to undergo a blood test for HIV as a condition precedent to acceptance of any claim. For the purpose of this Policy, infection shall be deemed to have occurred where blood or other relevant test(s) indicate in Our opinion either the presence of any Human Immunodeficiency Virus or Antibodies to such a Virus.

v. is caused directly or indirectly by self-inflicted injuries, while sane or insane; or
vi. is resulted from the Life Assured committing, attempting or provoking an assault or a felony or from any violation of the law by the Life Assured; or
vii. resulted directly from alcohol or drug abuse in relation to any Early Stage Covered Event and Intermediate Stage Covered Event; or
viii. The Life Assured did not survive for at least seven (7) days after the occurrence of a Covered Event under the Heart Attack and Stroke Covered Event Categories; or
ix. The occurrence of an Early or Intermediate Stage Heart Attack is within one (1) year after the occurrence of an Early or Intermediate Stage Stroke and vice versa.

Note: The exclusion list may not be exhaustive. For full list of the exclusions, please refer to the policy contract.

Great Early Triple Care (Plan Code: 0479)

Great Early Triple Care (Plan Code: 0479)

APPENDIX 2

Definition:

No.	Covered	Early Stage	Intermediate Stage	Advanced Stage
1.	Cancer	**Carcinoma in situ** Carcinoma in situ (CIS) means the focal autonomous new growth of carcinomatous cells confined to the cells in which it originated and has not yet resulted in the invasion and/or destruction of surrounding tissues. 'Invasion' means an infiltration and/or active destruction of normal tissue beyond the basement membrane. The diagnosis of the Carcinoma in situ must always be supported by a histopathological report. Furthermore, the diagnosis of Carcinoma in situ must always be positively diagnosed upon the basis of a microscopic examination of the fixed tissue, supported by a biopsy result. Clinical diagnosis does not meet this standard. In the case of the cervix uteri, Pap smear alone is not acceptable and should be accompanied with cone biopsy or colposcopy with the cervical biopsy report clearly indicating presence of CIS. Clinical diagnosis or Cervical Intraepithelial Neoplasia (CIN) classification which reports CIN I, CIN II and CIN III (where there is severe dysplasia without carcinoma in situ) does not meet the required definition and are specifically not covered. Non-melanoma CIS of the skin is also specifically not covered. This coverage is available to the first occurrence of CIS only; or **Early Prostate Cancer** Prostate Cancer that is histologically described using the TNM Classification as T1N0M0 or Prostate cancers described using another equivalent classification; or	**Mastectomy for CIS Breast or Prostatectomy for Early Prostate Cancer** The actual undergoing of a mastectomy due to Carcinoma-in-situ of the breast. The mastectomy must be certified to be absolutely necessary by a specialist in the relevant field. Partial mastectomy and lumpectomy are specifically not covered; or The actual undergoing of prostatectomy where the histological findings thereafter indicate the presence of Stage 1 Prostate Cancer. The prostatectomy must be certified to have been absolutely necessary by a specialist in the relevant field. Partial prostatectomy is specifically not covered.	**Cancer – *of specified severity and does not cover very early cancer*** Any malignant tumour positively diagnosed with histological confirmation and characterized by the uncontrolled growth of malignant cells and invasion of tissue. The term malignant tumour includes leukemia, lymphoma and sarcoma. For the above definition, the following are not covered: (i) All cancers which are histologically classified as any of the following: - pre-malignant - non-invasive - carcinoma in situ - having borderline malignancy - having malignant potential (ii) All tumours of the prostate,histologically classified as T1N0M0 (TNM classification) (iii) All tumours of the thyroid histologically classified as T1N0M0 (TNM classification) (iv) All tumours of the urinary bladder histologically classified as T1N0M0 (TNM classification) (v) Chronic Lymphocytic Leukemia less than RAI Stage 3 (vi) All cancers in the presence of HIV (vii) Any skin cancer other than malignant melanoma

Great Early Triple Care (Plan Code: 0479)

No.	Covered	Early Stage	Intermediate Stage	Advanced Stage
		Early Thyroid Cancer Thyroid Cancer that is histologically described using the TNM Classification as T1N0M0 including Papillary microcarcinoma of thyroid; or **Early Bladder Cancer** Bladder Cancer that is histologically described using the TNM Classification as T1N0M0 including Papillary carcinoma (Ta) of Bladder; or **Early Chronic Lymphocytic Leukaemia** Chronic Lymphoctic Leukaemia (CLL) RAI Stage 1 or 2. CLL RAI stage 0 or lower is not covered.		
2.	**Heart Attack**	**Cardiac Pacemaker Insertion** Insertion of a permanent cardiac pacemaker that is required as a result of serious cardiac arrhythmia which cannot be treated via other means. The insertion of the cardiac pacemaker must be certified to be absolutely necessary by a specialist in the relevant field. **Less Severe Heart Attack** Death of heart muscle, due to inadequate blood supply, that has resulted in all of the following evidence of acute myocardial infarction: (i) A history of typical chest pain, (ii) New characteristic electrocardiographic changes; with the development of any of the following: ST elevation or depression, T wave inversion, pathological Q waves or left bundle branch block and (iii) Elevation of the cardiac biomarker, inclusive of CPK-MB above the generally accepted normal laboratory levels or Troponins recorded at the following levels or higher: - Cardiac Troponin T or Cardiac Troponin I 0.1 to <0.5ng/ml The evidence must show the occurrence of a definite acute myocardial infarction which should be confirmed by a cardiologist or physician.	**Cardiac Defibrillator Insertion** Insertion of a permanent cardiac defibrillator as a result of cardiac arrhythmia which cannot be treated via any other method. The surgical procedure must be certified to be absolutely necessary by a specialist in the relevant field. Documentary evidence of ventricular tachycardia or fibrillation must be provided.	**Heart Attack – *of specified severity*** Death of heart muscle, due to inadequate blood supply, that has resulted in all of the following evidence of acute myocardial infarction: (i) A history of typical chest pain, (ii) New characteristic electrocardiographic changes; with the development of any of the following: ST elevation or depression, T wave inversion, pathological Q waves or left bundle branch block and (iii) Elevation of the cardiac biomarkers, inclusive of CPK-MB above the generally accepted normal laboratory levels or Troponins recorded at the following levels or higher: - Cardiac Troponin T or Cardiac Troponin I >/= 0.5 ng/ml The evidence must show the occurrence of a definite acute myocardial infarction which should be confirmed by a cardiologist or physician

Great Early Triple Care (Plan Code: 0479)

No.	Covered	Early Stage	Intermediate Stage	Advanced Stage
		For the above definition, the following are not covered: - Occurrence of an acute coronary syndrome including but not limited to unstable angina. - A rise in cardiac biomarkers resulting from a percutaneous procedure for coronary artery disease.		For the above definition, the following are not covered: - Occurrence of an acute coronary syndrome including but not limited to unstable angina. - A rise in cardiac biomarkers resulting from a percutaneous procedure for coronary artery disease.
3.	**Stroke**	Nil	**Carotid Artery Surgery** The actual undergoing of Endarterectomy of the carotid artery which has been necessitated as a result of at least eighty percent (80%) narrowing of the carotid artery as diagnosed by an arteriography. Percutaneous transvascular carotid angioplasty is not covered Endarterectomy of blood vessels other than the carotid artery are specifically not covered.	**Stroke – *resulting in permanent neurological deficit with persisting clinical symptoms*** Death of brain tissue due to inadequate blood supply, bleeding within the skull or embolization from an extra cranial source resulting in permanent neurological deficit with persisting clinical symptoms. The diagnosis must be based on changes seen in a CT scan or MRI and certified by a neurologist. A minimum Assessment Period of three (3) months applies. For the above definition, the following are not covered: (i) Transient ischemic attacks (ii) Cerebral symptoms due to migraine (iii) Traumatic injury to brain tissue or blood vessels (iv) Vascular disease affecting the eye or optic nerve or vestibular functions

Great Early Triple Care (Plan Code: 0479)

APPENDIX 3

Claim Scenarios

Scenario 1: Claim Early Stage Cancer and policy matures at 80 years next birthday
Entry Age: 40 years old next birthday
Basic sum assured: RM100,000
Total premium paid as at 1 Jan 2058: RM146,000

	1 Jan 2018	1 Oct 2056	1 Jan 2058
Event/ Status	Policy commences	Claim early stage Cancer	Policy matures at age 80.
Payout amount	N/A	100% x RM100,000 = RM100,000	Max(100%*BSA, TPP) = Max (100%x100000, 146000) = Max(100000, 146000) = RM146,000
Total Payout = RM246,000			

Scenario 2: Claim Early Stage Cancer and Early Stage Heart Attack and policy matures at 80 years next birthday
Entry Age: 40 years old next birthday
Basic sum assured: RM100,000
Total premium paid as at 1 Jan 2058: RM146,000

	1 Jan 2018	1 Jan 2038	1 Oct 2038	1 Jan 2058
Event/ Status	Policy commences	Claim early stage Cancer	Claim early stage Heart Attack	Policy matures at age 80.
Payout amount	N/A	100% x RM100,000 = RM100,000	100% x RM100,000 = RM100,000	Max(100%*BSA, TPP) = Max (100%x100000, 146000) = Max(100000, 146000) = RM146,000
Total Payout = RM346,000				

Scenario 3: Claim Early Stage Heart Attack and Intermediate Stroke and policy matures at 80 years next birthday
Entry Age: 50 years old next birthday
Basic sum assured: RM100,000
Total premium paid as at 1 Jan 2058: RM242,100

1 year waiting period

	1 Jan 2018	1 Jan 2038	1 Jan 2039	1 Jan 2058
Event/ Status	Policy commences	Claim early stage Heart Attack	Claim intermediate stage Stroke	Policy matures at age 80.
Payout amount	N/A	100% x RM100,000 = RM100,000	100% x RM100,000 = RM100,000	Max(100%*BSA, TPP) = Max (100%x100000, 242100) = Max(100000, 242100) = RM242,100
Total Payout = RM442,100				

Great Early Triple Care (Plan Code: 0479)

Scenario 4: Claim Early Stage Heart Attack, Intermediate Stage & Advanced Stage Cancer and policy terminated thereafter
Entry Age: 40 years old next birthday
Basic sum assured: RM100,000
Total premium paid as at 1 Jan 2040: RM80,300

	1 Jan 2018	1 Jan 2038	1 Jan 2039	1 Jan 2040
Event/ Status	Policy commences	Claim early stage Heart Attack	Claim intermediate stage Cancer	Claim advanced stage Cancer
Payout amount	N/A	100% x RM100,000 = RM100,000	100% x RM100,000 = RM100,000	Max(300%*BSA, TPP) – any prior claims = Max (300%x100000, 80300) - 200000 = 300000 - 200000 = RM100,000
Total Payout = RM300,000				

Scenario 5: Claim Early Stage Cancer and then claim Death Benefit, policy terminated thereafter
Entry Age: 40 years old next birthday
Basic sum assured: RM100,000
Total premium paid as at 1 Oct 2040: RM83,950

	1 Jan 2018	1 Jan 2040	1 Oct 2040
Event/ Status	Policy commences	Claim early stage Cancer	Claim Death Benefit.
Payout amount	N/A	100% x RM100,000 = RM100,000	Max (TPP, CV factor x [(300%*BSA – Early Stage Cancer Claim) / (300%* BSA)] x (BSA / 1000) = Max (83950, 0.6832 x [(300%*100000 – 100000) / 300%*100000] x 100000 = Max (83950, 45547) = RM83,950
Total Payout = RM183,950			

Scenario 6: Claim Advanced Stage Stroke and policy terminated thereafter
Entry Age: 40 years old next birthday
Basic sum assured: RM100,000
Total premium paid as at 1 Jan 2038: RM73,000

	1 Jan 2018	1 Jan 2038
