Smart Legacy Max ***(Plan Code: 0480)***

(Regular Premium Investment-Linked Insurance Plan)

Plan Name : Smart Legacy Max 精明至高传承
Plan Code : 0480
Launch Date : 15 January 2018

PLAN DESCRIPTION

a) This is an investment-linked insurance policy with options of 5, 10 and 20 premium payment term with access to professionally managed Unit Funds with the benefit of the life insurance cover.
b) This plan provides coverage up to age 100 years next birthday.
c) Premiums paid are used to purchase units in the Unit Fund(s). The policy value of this plan will vary directly with the performance of the Unit Fund(s).
d) The policy will lapse if the Total Investment Value falls to zero or below.
e) Smart Legacy Max will employ a single-pricing basis, where all transactions will be based on one price only. This single price will now be known as the **Net Asset Value (NAV)**.

BENEFITS

BASIC BENEFIT

1. **Death Benefit (Due to all causes)**
Upon death of the Life Assured, the Company will pay:

Basic Sum Assured (BSA) + Additional Sum Assured (ASA) + Total Investment Value (TIV)

TIV is calculated at NAV at the next Valuation Date.

In the event death occurs before age of 5, 100% of TIV and the following percentage of BSA are payable.

Age next birthday	Death Benefit after Lien
1	20% of the BSA
2	40% of the BSA
3	60% of the BSA
4	80% of the BSA

Full life cover will be given from age 5 years next birthday.

2. **Death Due to Accidental Causes**
Upon accidental death of the Life Assured within the policy term and prior to the policy anniversary of age 70 years next birthday, the Company will pay an additional amount of 100% of the BSA and any applicable ASA.

In the event of accidental death of the life assured occurring before age 5 years next birthday, a child lien (as per Death Benefit) shall apply.

Full life cover will be given from age 5 years next birthday.

3. Death Due to Accidental Causes (Public Conveyance)

Upon accidental death of the Life Assured resulted while traveling in a public conveyance (other than a cable car, taxi, hired car or any form of transport chartered for private travel); or while riding as a passenger in an elevator or in electric lift or in consequence of the burning of any theatre or cinema, hotel or other public building in which the Life Assured shall be present at the time of commencement of the fire; and within the policy term and prior to the policy anniversary of age 70 years next birthday, the Company will pay an additional amount of 200% of the BSA and any applicable ASA.

In the event of accidental death of the life assured occurring before age 5 years next birthday, a child lien (as per Death Benefit) shall apply.

Full life cover will be given from age 5 years next birthday.

4. Total and Permanent Disability (TPD) Benefit

a) 100% TIV is payable in one lump sum (or be retained with the Company).
b) The Basic Sum Assured and Additional Sum Assured not exceeding RM10,000,000 shall be paid in 3 annual instalments with the first being a lump sum of the BSA and ASA or RM2,000,000 whichever is lesser, and the balance of the BSA and ASA (if any), will be payable in two equal, annual instalments of maximum RM4,000,000 each.
c) Parts (a) and (b) only applies for TPD occurring prior to the policy anniversary on which the Life Assured attains age 70 next birthday.
d) The TPD cover for child below age 5 next birthday is subject to the lien as per Death Benefit. Full TPD cover will be given from age 5 next birthday onwards.
e) The maximum TPD Benefit payable under this and all policies and riders on the same life is RM10,000,000 per life (excluding group policies).

5. Additional Sum Assured

a) The Additional Sum Assured payable at death, accidental death,or TPD is:

1% x Min(Current Sum Assured, Initial Sum Assured) x Min(completed policy years at death, accidental death or TPD, 30 years).

Notes:
- Initial Sum Assured refers to Basic Sum Assured at policy commencement.
- Current Sum Assured refers to Basic Sum Assured at death, accidental death or TPD.
- Basic Sum Assured will stay level throughout whole policy term, unless policyholder choose to increase or decrease sum assured
- Child lien is applicable to this additional Death, accidental death and TPD Benefit.
- There are no additional insurance charges for the total additional death and TPD benefit.
- The Additional Sum Assured is offered to standard and substandard lives.
- If IL CI Benefit Rider (U100) is attached, the ASA does not apply to the IL CI Benefit Rider.

Examples (Assuming no child lien for all cases):-

Scenario 1:

Initial Sum Assured = RM500,000. No increase/ decrease in sum assured. Death occurs at 4 years and 3 months.
Total ASA= (1% x RM500,000) x 4 = RM20,000
Total Death Benefit = RM500,000 + RM20,000 + TIV = RM520,000 + TIV

Scenario 2:
Initial Sum Assured = RM500,000. Increase in Sum assured from RM500,000 to RM650,000 in policy year 2. Death occurs at 2 years and 6 months.
Total ASA = (1% x RM500,000) x 2 = RM10,000
Total Death Benefit = RM650,000 + RM10,000 + TIV = RM660,000 + TIV

Scenario 3:
Initial Sum Assured = RM800,000. Decrease in Sum assured from RM800,000 to RM 500,000 in policy year 3. Death occurs at 35 years and 8 months.
Total ASA= (1% x RM500,000) x 30 = RM150,000
Total Death Benefit = RM500,000 + RM150,000 + TIV = RM650,000 + TIV

Scenario 4:
Initial Sum Assured = RM800,000. No increase/ decrease in Sum assured. Death occurs at 4 years and 5 months.
Total ASA= (1% x RM800,000) x4 = RM32,000
Total Death Benefit = RM800,000 + RM32,000 + TIV = RM832,000 + TIV

Scenario 5:
Initial Sum Assured = RM500,000. IL CI Benefit Rider with Sum Assured of RM500,000 is attached. No increase/ decrease in Sum assured. CI occurs at 4 years and 3 months. Death occurs at 10 years and 5 months.

- After CI claim at 4 years and 3 months, there is no longer any Basic Sum Assured on this policy. The ASA of RM20,000* along with TIV will be payable upon death / TPD claim.
  **ASA at 4 years and 3 months = (1% x RM500,000) x 4 = RM20,000*
- Total Death Benefit payable at death = RM20,000 + TIV.

Scenario 6:
Initial Sum Assured = RM600,000. IL CI Benefit Rider with Sum Assured of RM600,000 is attached. No increase/ decrease in Sum assured. CI occurs at 3 years and 3 months. Accidental Death (Non-Public Conveyance) occurs at 6 years and 5 months.

After CI claim at 3 years and 3 months, there is no longer any Basic Sum Assured on this policy. The ASA of RM18,000* along with TIV will be payable upon death / TPD claim.**ASA at 3 years and 3 months = (1% x RM600,000) x 3 = RM18,000*

- Total Accidental Death Benefit = 2 x RM18,000 + TIV = RM36,000 + TIV

Scenario 7:
Initial Sum Assured = RM600,000. IL CI Benefit Rider with Sum Assured of RM500,000 is attached. No increase/ decrease in Sum assured. CI occurs at 3 years and 3 months. Accidental Death (Non-Public Conveyance) occurs at 6 years and 5 months.

- After CI claim at 3 years and 3 months, the ASA of RM18,000* along with TIV will be payable upon death / TPD claim. The ASA will still apply for the remaining Current Sum Assured of RM100,000**.
  **ASA at 3 years and 3 months = (1% x RM600,000) x 3 = RM18,000*
  ***Current Sum Assured = Initial Sum Assured – IL CI Benefit Rider Sum Assured = RM600,000 – RM500,000 = RM100,000*
- Total ASA payable at death
  = max [(1% x RM100,000)x6, ASA after CI claim] = RM18,000
- Total Accidental Death Benefit
  = 2 x (RM100,000 + RM18,000) + TIV = RM236,000 + TIV

Scenario 8:
Initial Sum Assured = RM500,000. IL CI Benefit Rider with Sum Assured of RM100,000 is attached. No increase/ decrease in Sum assured. CI occurs at 14 years and 3 months. Accidental Death (Public Conveyance) occurs at 15 years and 5 months.

- After CI claim at 14 years and 3 months, the ASA of RM70,000* along with TIV will be payable upon death / TPD claim. The ASA will still apply for the remaining Current Sum Assured of RM400,000**.
  **ASA at 14 years and 3 months = (1% x RM500,000) x 14 = RM70,000*
  ***Current Sum Assured = Initial Sum Assured – IL CI Benefit Rider Sum Assured = RM500,000 – RM100,000 = RM400,000*
- Total ASA payable at death
  = max [(1% x RM400,000)x15, ASA after CI claim]
  = max [RM60,000, RM70,000] = RM70,000
- Total Accidental Death Benefit (Public Conveyance)
  = 3 x (RM400,000 + RM70,000) + TIV = RM1,410,000 + TIV

Scenario 9:
Initial Sum Assured = RM700,000. Accidental death (non-Public Conveyance) occurs at 40 years and 2 months.
Total ASA = (1% x RM700,000) x 30 = RM210,000
Total Accidental Death Benefit = 2 x (RM700,000 + 210,000) + TIV = RM1,820,000 + TIV

Scenario 10:
Initial Sum Assured = RM15,000,000. TPD occurs at 32 years and 2 months. Accidental Death (Non-Public Conveyance) occurs at 40 years and 5 months.

- TPD claim amount:
  = Min (ASA + BSA, RM10,000,000)
  = Min (RM4,500,000 + RM15,000,000, RM10,000,000)
  = RM10,000,000
  This TPD claim amount will be payable in 3 annual instalments with the first being a lump sum of RM2,000,000 and the balance will be payable in two equal, annual instalments of RM4,000,000 each. There will not be any ASA payout in the future as the ASA portion of RM4,500,000 will be advanced first before the BSA in determining the TPD claim amount. Remaining sum assured = RM15,000,000 – RM5,500,000 = RM9,500,000
- After TPD claim, the COI will be charged on the remaining sum assured of RM9,500,000.
- Total Accidental Death Benefit
  = 2 x RM9,500,000 + TIV = RM19,000,000 + TIV

6. Booster Reward

12% x Basic Sum Assured (BSA), where BSA is the lower of the initial sum assured or any subsequent amendment made to the BSA will be credited into the TIV account at the policy anniversary of age 70 years next birthday or at the end of the 30th policy year, whichever is later, provided the policy is inforce and all premiums due are paid-up-to-date.

7. Maturity Benefit

The Total Investment Value (TIV) will be payable upon maturity; if any. TIV is calculated at NAV at the next Valuation Date.

Note: Any amount of indebtedness will be deducted before the TIV is payable upon maturity.

8. No-lapse Guarantee

There is 6 years no-lapse guarantee for the first 6 policy years starting from the day the policy is inforced. This means that the policy and its attachable supplementary benefits shall continue to remain inforce even if the TIV becomes zero, subject to the following conditions:

a) Regular premium is payable consistently (Note: for 5-pay, the premium will cease at 5th policy year, it is still qualified for no-lapse guarantee up to 6 years).
b) No premium holiday is allowed.
c) No partial withdrawal is allowed.
d) No reduction or termination of GSR (if any).

With the no-lapse guarantee, the Company will pay the Sum Assured (after deducting any deficit amount in the TIV) upon a valid claim event, given the conditions above are met.

However, the policy will lapse if the TIV becomes zero in any year from the 7th policy year onwards.

Policy Fee and Insurance Charge due after the no-lapse guarantee takes effect will be deducted when
(a) the Basic Investment Premium and Great Saver Rider premium (if any) of this Policy is paid; or
(b) the Investment Top-ups is paid
until the Policy Fee and Insurance Charge due are fully paid.

Policy Fee and Insurance Charge due after the no-lapse guarantee takes effect will also be deducted from any benefits payable under this Policy.

CHARGES

i. Insurance Charge

a) Basic benefit insurance charges depend on the attained age next birthday.
b) The monthly insurance charges are calculated as the sum assured times one twelfth of the risk rates corresponding to the attained age.
c) These charges will be deducted by selling units already allocated to the Policy, at the NAV on the next Valuation Date following the due date of the insurance charges.
d) Basic benefit insurance charge rates follow existing regular premium ILP basic benefit insurance charge rates.
e) The company may vary these insurance charge rates by attained age next birthday, gender, medical rating and smoking status at each policy anniversary, where applicable.

ii. Management Charge

a) A fund management charge will be deducted at each asset valuation before determining the NAV. Unit prices will reflect the deduction.
b) The management charge to be deducted is:

$$\frac{t}{250} \times K\%^* \times \text{Value of Fund}$$

where:
t = the number of business days from the preceding Valuation Date to the Current Valuation;
K%* = the percentage charge (subject to the Investment Committee's approval) for the appropriate fund as follows:

Fund	K% *
F17 Lion Enhanced Equity Fund	1.50
F18 Dana Gemilang	1.50
F1 Lion Balanced Fund	1.00
F4 Lion Fixed Income Fund	0.50
F5 Lion Progressive Fund	1.35
F6 Dana Sejati	0.50
F9 Lion Strategic Fund	1.25

* subject to management changes

c) Value of Fund refers to the value of the appropriate fund as determined by the Company.

iii. Policy Fee

A monthly administration fee of RM6 will be deducted by selling units already allocated to the Policy from the policy owner's funds, at the NAV at the next Valuation Date, at the beginning of each policy month. The policy fee for this policy is subject to 6% Goods and Services Tax ("GST").

NET ASSET VALUE (NAV)

i. NAV

The price at which the policy owner buys the units in a fund and sells the units back to the fund.

ii. Determination of Price

NAV of each fund are determined daily, after the valuation of the assets of that fund.

PREMIUM ALLOCATION

i. Insurance Premium

Premium allocation depends on the premium payment term chosen.

Policy Year	Allocation Rate %		
	5 Years PPT	10 Years PPT	20 Years PPT
1	75	63	43
2	75	63	43
3	92.5	86	76
4	92.5	86	76
5	92.5	92.5	85
6	N/A	92.5	85
>=7	N/A	100	100

ii. Single Premium Top-Ups / Golden Age Enhancer (GAE) / GSR

Allocation Rate: 95%

iii. Balancer

Allocation Rate: 95%

Any excess in premium after SAM rule, will be treated as Balancer.

Age at Entry	Sum Assured Multiple (SAM) Rule
1 – 16	60
17 – 25	55
26 – 35	50
36 – 45	35
46 – 55	25
56 and above	15

PREMIUM

i. Premium payment mode

Regular premium, choice of yearly, half-yearly, quarterly and monthly
Inclusion of GAE upon inception can be paid via credit card. However, SPTU during CS stage is only payable by cash or cheque.

ii. Premium mode factors

Modal premium is determined before annual premium where the annual premium is M times of the Modal premium.

Mode of Modal Premium	M
Annually	1
Half-yearly	2
Quarterly	4
Monthly	12

iii. Premium Payment Method

Internet Banking, Auto Debit, Credit Card, Cash, Cheque, or Banker's Order. However, cash and cheque are not allowed for monthly mode of payment.
SPTU during CS stage is only payable by cash or cheque.

iv. Advance Premium

Not applicable. All premium paid will be allocated to the funds as chosen by the policy owner.

v. Great Saver Rider (GSR)

Only available for substandard case at New Business stage.

CS:

- During the premium payment term, if customer request to increase premium due to increase Sum Assured, include new rider, or simply increase premium without increase coverage, the increase premium will be treated as GSR.

General rule apply to GSR regardless if GSR is included at NB or CS stage:

- GSR premium will follow Basic Investment Premium (BIP) in term of payment mode, selection and allocation of unit funds.

vi. Golden Age Enhancer (GAE)

a) A policyholder can include GAE at inception of the policy.
b) The minimum entry age to be eligible for GAE is age 55 next birthday.
c) The GAE will have a higher allocation rate, which is 95% as compared to the first year allocation rate of 75%/63%/43% (depending on the PPT). The high allocation rate would enable more funds to be projected into the investment funds with potential higher returns.
d) Minimum GAE amount is one time of BuP (insurance premium + balancer) and it is fixed at one time of BuP If inclusion of GAE occurs at policy inception due to failing 30:15 Illustration Rule, GAE will then be allowed to exceed the amount of BuP.
e) For cases with premium payment mode other than yearly mode, first policy year Insurance Premium and Balancer need not be fulfilled before GAE is payable.

FLEXIBLE OPTIONS

i. Single Premium Top-Ups (SPTU)

a) A policy owner can make single premium as investment top-ups subject to the minimum of RM 1,000 each at any time provided the current year's and all previous years' Basic Investment Premium have been fulfilled.
b) For SPTU, no adjustment on the Basic Sum Assured will be done, the Basic Sum Assured will remain unchanged.
c) SPTU is only available after policy is in force, which means it is only allowed during CS stage.
d) Any policy changes, i.e. increase SA, rider inclusion after premium payment term, the required premium (based on sustainability test and subject to the min of RM1,000) will be collected as SPTU.

ii. Premium Increment

<u>During Premium Payment Term</u>

A policyholder can increase the regular premium subject to the following conditions:

a) Increase in premium will be in the form of GSR and can take effect from the next premium due date subject to the constraints below:

Mode of Payment	Minimum Increment (RM)
Annually	240
Half-yearly	120
Quarterly	60
Monthly	20

b) policy owner can choose to keep the sum assured unchanged or increase the sum assured to the maximum sum assured (based on sustainability test) allowed.
c) The GSR premium will follow Basic Investment Premium (BIP) in terms of payment mode, selection and allocation of unit funds.
d) The increase in regular premium (GSR) during Premium Payment Term (5, 10 or 20 years; where applicable) is payable up to premium payment term as per BIP.

Example:

Customer is paying RM20,000 per annual for Smart Legacy Max – 5pay, if he request to increase premium to RM20,800 at the end of 2nd year, the extra premium of RM800 will be treated at GSR, with GSR allocation rate of 95%, from 3rd to 5th years.

After Premium Payment Term

Premium Increment after Premium Payment Tem due to policy changes i.e. increase SA, rider inclusion, the required premium (based on sustainability test and subject to the min of RM1,000) will be collected as SPTU.

iii. Decrease in Premium

A policy owner can decrease the regular premium subject to the following conditions:

a) Decrease in premium can take effect from the next premium due date.
b) For policy amendments (i.e amendment on the premium or sum assured) after policy is in force, agent will use ILP Alteration Calculator to check for premium sufficiency.

Mode of Payment	Minimum Premium after the Decrease (RM)		
	5-Pay	10-Pay	20-Pay
Annually	1,500	1,500	1,200
Half-yearly	750	750	600
Quarterly	375	375	300
Monthly	125	125	100

Note: Kindly refer to the notes under Minimum Premium (Underwriting Guidelines section).

iv. Partial Withdrawal

Monies can be withdrawn by selling some of the units at the NAV in one or more of the invested funds subject to the following conditions:

a) The minimum amount for partial withdrawal is RM 1,000.
b) The aggregate value of the remaining units in all funds must be at least RM1,000.

v. Fund Switching

A policy owner can sell units in any one fund at the NAV and purchase units in any of the other funds at the NAV at no charge, at any time after the policy has turned in force. The minimum amount sold to purchase units in another unit fund is RM1,000 per fund. However, if the fund is less than RM1,000, it can be done provided all the units in that fund are switched. More than one switch can be done at one time and this will be considered as a single switch.

vi. Changing Premium Apportionment

A policyholder can alter the premium apportionment at any time. After the Company receives the alteration request, the next and all future premiums will be apportioned to the Unit Funds in the new proportions subject to the minimum BuP listed in the table below:

Mode of Payment	Minimum Amount Apportionable to Each Fund (RM)
Annually	12
Half-Yearly	6
Quarterly	3
Monthly	1

UNDERWRITING GUIDELINES

Minimum/Maximum Sum Assured

Minimum : RM500,000
Maximum : Subject to underwriting

Smart Legacy Max ***(Plan Code: 0480)***

(Regular Premium Investment-Linked Insurance Plan)

Min/Max Age at Entry
Minimum : 30 days attained age
Maximum : 70 years next birthday

Premium Payment Term
5 years, 10 years, 20 years

Minimum Premium

Premium Payment Term	Minimum Annual Premium
5 pay	1500
10 pay	
20 pay	1200

Important Note: The minimum annual premium stated above is subject to sustainability test (i.e. based on the 12-month projection rule and 30:15 illustration rule).

However, the minimum annual premium does not guarantee policy sustainability until maturity at age 100 years next birthday. Therefore, in order to enhance policy sustainability, kindly increase the amount of the regular premium. Just like any other investment-linked insurance plan, a regular review of the policy is encouraged as to ensure the TIV is sufficient to maintain the policy inforce.

Coverage Term
Up to age 100 next birthday

Female Rates / Non-smoker Discount
Rates vary by gender and smoker statuses.

Non-Medical Limits (NML) table for Smart Legacy Max
The sum assured of this plan will aggregate with the following plans (Table 1) where the NML aggregated Sum Assured is applicable within 2 calendar years.

Table 1:

Plan Name	Plan Code
Smart Legacy Special	0477
Great 110 Legacy	0488
Smart Legacy	0476
Great 110 Legacy Special	0489
Waiver riders attachable to Smart Legacy/ Smart Legacy Max	U77/ U101/ U102
Waiver rider attachable to Great 110 Legacy	U104

The non-medical limits will be up to RM8million with effective from 01 June 2018, as listed below:

Age Next Birthday	Sum Assured (RM)
30 days to 16	1,500,000
17 to 50	8,000,000
51 to 60	3,000,000
61 - 70	500,000

Notes:
If payer/ waiver rider(s) is attached in Smart Legacy Max, the NML calculation will only be counted if the Total Annualized Premium to be waived per life is above RM250,000.

Financial Underwriting Limits
The sum assured of this plan will only aggregate with the plans listed under Table 1 above to determine the financial underwriting requirement.

Sum Assured	Minimum Financial Evidence
Up to RM4,000,000	N/A
RM 4,000,001 – RM6,000,000	• Financial Questionnaire Part I (to be completed by agent) • Financial Questionnaire Part II (to be completed by Proposer)
RM6,000,001 and above	• Financial Questionnaire Part I & Part II • Certified ITR/EA form for the past 3 years • Company audited accounts/P&L for the past 3 years (if applicable) • Business Registration Form 24/49 (if applicable)

CHANGES IN SUM ASSURED

Any changes in the sum assured will take effect from the next Insurance Charge due date:

i. Increase in Sum Assured
Allowed up to the maximum sum assured (based on the sustainability test); and subject to underwriting. The increase in premium will be treated as GSR.
As for increase in SA after premium payment term, the ILP Calculator will only enable the SPTU for sustainability calculation.

ii. Decrease in Sum Assured
Policyholder may voluntarily reduce the sum assured, subject to the minimum sum assured limits.

ALLOWANCE TO VARY CHARGES

The Company may increase the charges for existing policies in specified circumstances, up to specified limits. The charges that are allowed for changing are: *Policy Fee, Management Charge and Insurance Charge Rates.*

FUNDS

(I) Fund Asset Allocation
Policy owner can choose to invest in one or more of:

Local Funds

a) F1 Lion Balanced Fund
A fund which invests in a mixture of equities (ranging from 40% to 60%) and fixed income securities. This fund seeks to provide medium to long-term capital appreciation, with a moderate level of volatility.

b) F4 Lion Fixed Income Fund

A fund which invests in fixed income securities, for example government and corporate bonds as well as cash and cash equivalents. This fund seeks to provide consistent return at low levels of volatility. Although the fund invests mainly in Malaysia (40% to 100%), it may also partially invest in foreign fixed income securities (up to 50%), to enhance the fund's returns.

c) F5 Lion Progressive Fund

A fund which invests in a mixture of equities (ranging from 50% to 90%) and fixed income securities. This fund seeks to provide medium to long-term capital appreciation, with a moderate-to-high level of volatility.

d) F6 Dana Sejati

A fund which invests in Shariah approved fixed income securities, for example government and corporate sukuk as well as Islamic money market papers/deposits. This fund seeks to provide consistent return at low levels of volatility. Although the fund invests mainly in Malaysia (40% to 100%), it may also partially invest in foreign Shariah approved fixed income securities (up to 50%), to enhance the fund's returns.

e) F9 Lion Strategic Fund

A fund which invests in a mixture of equities, fixed income securities and money market instruments. There is flexibility in asset allocation as this fund may invest solely in fixed income securities or equities. This fund seeks to provide medium to long-term capital appreciation, with a moderate level of volatility.

f) F17 Lion Enhanced Equity Fund

A fund where 80% to 100% of the investments are in equities, which may be volatile in the short term. This fund seeks to achieve medium to long-term capital appreciation. Although the fund invests mainly in Malaysia (50% to 100%), it may also partially invest in Singapore (up to 25%) and Hong Kong (up to 25%), if and when necessary, to enhance the fund's returns.

f) F18 Dana Gemilang

A fund where 80% to 100% of the investments are in equities, which may be volatile in the short term. This fund seeks to achieve medium to long-term capital appreciation. Although the fund invests mainly in Malaysia (50% to 100%), it may also partially invest in Singapore (up to 25%) and Hong Kong (up to 25%), if and when necessary, to enhance the fund's returns. The fund only invests in Shariah-approved securities.

OTHER PRODUCT FEATURES

1. Surrender Values

The cash value of the policy is the total value of all the units in all the funds selected by the policy owner based on the NAV at the Next Valuation Date.

Upon surrender, the TIV is subject to the deduction of any indebtedness to the company.

2. Paid-up Values / Extended Term Assurance / Policy Loans / Automatic Premium Loan / Bonus Rate / Option to Purchase New Policy

Not applicable.

3. Replacement of Policies

Applicable, should policyholder with consent to replace the previous policy within 12 months from the new proposal submission, agent's commission on the new policy will be clawed.

4. Nomination/Assignment/Third Party Policy

i. There is no restriction on assigning and this policy can be issued as Third Party policy.
ii. This minimum age at entry for policy owners should be 19 years old next birthday (age limit for life insured is according to the min & max entry age stated in an earlier page).

5. Reinstatement

3 Years. Reinstatement is subject to the deduction of any indebtedness to the company.

6. Backdating

Not allowed.

7. Change in Premium Payment term

Not allowed.

8. Free-Look Period

Policy owner is allowed to cancel the policy within 15 days. Basic Investment Premium, less medical fees incurred and adjustments to reflect the change in market value of the underlying assets, will be refunded.

Equivalently, the refund is the sum of the: -

a) Total Investment Values of the policy based on the NAV at next valuation date; and
b) The investment values of the units which have been cancelled to pay for insurance charges and policy fee; and
c) The amount of the premiums that have not been allocated;

Less

Medical expenses incurred for medical examinations, if any.

9. Conversion at Maturity Privilege* (Option to purchase at maturity)

Not Applicable.

10. Termination of Premium Payment

Termination of premium payment does not directly result in policy termination.
The policy continues to remain in force as long as the TIV are positive.

11. Policy Termination

On Monthly Due Dates, if TIV is insufficient to pay the policy fee and insurance charge, the policy will lapse. The lapse date is determined on pro-rated basis.

Smart Legacy Max ***(Plan Code: 0480)***

(Regular Premium Investment-Linked Insurance Plan)

AGENCY REQUIREMENT

Only agents who have passed the Certificate Examination in Investment-Linked Life Insurance (CEILI) examination conducted by the Malaysian Insurance Institute (MII) or its equivalent are allowed to sell investment-linked life insurance policies.

EXCLUSION

The Company shall refund TIV and Investment Values of the units which have been cancelled to pay for Insurance Charges and policy fees due after the Risk Commencement Date or date of any reinstatement of this Policy, whichever is later, and the amount of premiums that have not been allocated to purchase units in the event of death of the Life Assured which:

1. Resulted from suicide within one year from the Risk Commencement Date or date of any reinstatement of this Policy, whichever is later, while sane or insane.

No payment of benefits will be made for Total and Permanent Disability which: -

1. Resulted from self-inflicted bodily injuries while sane or insane; or
2. Resulted from bodily injury sustained as a result of parachuting or sky diving or engaging in aerial flights other than as a crew member or as a fare-paying passenger of an International Airline operating on a regular scheduled route; or
3. Existed at Risk Commencement Date of this Policy or at the date of any reinstatement, whichever is later.

No payment of benefits will be made for Accidental Death for any Injury which occurs prior to the Policy Anniversary of attained Age 70 years Next Birthday and resulting in loss suffered, as a result of, including any of the following whether directly or indirectly:

1. suicide, attempted suicide or self-inflicted injuries, while sane or insane;
2. bodily infirmity, or mental or functional disorder, or illness or disease of any kind, or any infections, other than infections occurring simultaneously with and in consequence of an accidental cut or wound;
3. war or any act of war, declared or undeclared, criminal activities, active duty in any armed forces, direct participation in strike, riots and civil commotion or insurrection;
4. from the action of any armed forces, or from Accident or violence arising by reason of the existence of a state of armed conflict;
5. engaging in aerial flights other than as a crew member or as a fare-paying passenger of a licensed commercial airline operating on a regular scheduled route;
6. as a result of the Life Assured committing, attempting or provoking an assault or a felony, or from any violation or attempted violation of law by the Life Assured or resistance to arrest;
7. while under the influence of alcohol or drugs unless taken as prescribed by a Physician. For the avoidance of doubt, a person is considered as under the influence of alcohol if the breath, blood or urine test result is over the following limit:
   7.1 35 mcg of alcohol per 100ml of breath
   7.2 80mg of alcohol per 100ml of blood
   7.3 107 mg alcohol per 100ml of urine;
8. Injury arising from racing of any kind (except for foot racing), hazardous sports or activities that involve speed, height, high level of physical exertion, highly specialized gear or spectacular stunts such as but not limited to bungee jumping, parachuting, scuba diving, sky-diving, water skiing, underwater activities requiring breathing apparatus, winter sports, Professional Sports and illegal activities. For the avoidance of doubt, “Professional Sports” means engaging in any physical activity in a professional capacity or where the Life Assured would or could earn income or remuneration from engaging in such activity;
9. from childbirth, pregnancy and/or any complications thereof;

10. ionising radiation or contamination by radioactivity from any nuclear fuel or nuclear waste from process of nuclear fission or from any nuclear weapons material; or
11. from the Life Assured engaging in commando or bomb disposal duties/training.
