BASIC BENEFIT

i. **Death Benefit**

In the event death occurs before age of 5, 100% of TIV and the following percentage of Basic Sum Assured are payable.

Age next birthday	Death Benefit after Lien
1	20% of the Basic Sum Assured
2	40% of the Basic Sum Assured
3	60% of the Basic Sum Assured
4	80% of the Basic Sum Assured

Full life cover will be given from age 5 years next birthday.

ii. Total and Permanent Disability (TPD) Benefit

a) 100% TIV is payable in one lump sum (or be retained with the Company).
b) The Basic Sum Assured not exceeding RM10,000,000 shall be paid in 3 annual instalments with the first being a lump sum of the BSA or RM2,000,000 whichever is lesser, and the balance of the BSA (if any), will be payable in two equal.

c) Parts (a) and (b) only applies for TPD occurring prior to the policy anniversary on which the Life Assured attains age 70 next birthday.
d) The TPD cover for child below age 5 next birthday is subject to the lien as per Death Benefit. Full TPD cover will be given from age 5 next birthday onwards.
e) The maximum TPD Benefit payable under this and all policies and riders on the same life, is RM 10,000,000 per life (excluding group policies).

Note: Child lien is applied before the flat lien of 50% (due to underwriting). Please see "Underwriting Procedure" for further details.

iii. Accidental Death Benefit

In the event of Life Assured's death due to accidental cause in the **1st policy year**, the following will be payable in one lump sum: -

Accidental Death Benefit = 10% of Minimum [(Total Premium Paid* minus Partial Withdrawal (if any) made during the 1st policy year, RM1 million]

Provided that: -
(a) Total Premium Paid* minus Partial Withdrawal (if any) made during the 1st policy year must be at least RM20,000 or above; and
(b) The Accidental Death Benefit payable shall be limited up to a maximum amount of RM100,000

**Total Premium Paid is the payment made for Basic Investment Premium and Single Premium Top Up (if any) during the first policy year.*
Note: There is no additional insurance charge for this benefit.

Example 1:
Annual Basic Investment Premium paid at inception = RM10,000
Single Premium Top-Up made in the 5th month of the 1st policy year = RM50,000
Partial Withdrawal made in the 7th month of the 1st policy year = RM20,000
Death occurs due to accidental cause in the 9th month of the 1st policy year

Accidental Death Benefit claimed at death
= 10% [(RM10,000 + RM50,000 – RM20,000), RM1 million]
= RM4,000

Example 2:
Annual Basic Investment Premium paid at inception = RM20,000
Single Premium Top-Up made in the 3rd month of the 1st policy year = RM40,000
Partial Withdrawal made in the 6th month of the 1st policy year = RM15,000

v. No-lapse Guarantee

a) Regular premium is payable consistently.
b) No premium holiday is allowed.
c) No partial withdrawal is allowed

With the no-lapse guarantee, the Company will pay the Sum Assured (after deducting any deficit amount in the TIV) upon a valid claim event, given the conditions above are met.
