SmartProtect Max *(Plan Code: 0429 - 0431)*

(Regular Premium Investment-Linked Term Insurance Plan)

Plan Name : SmartProtect Max 精明至高保障
Plan Code : 0429 – 5 pay, 0430 – 10 pay, 0431 – 20 pay
Launch Date : 06 August 2014

NML CAMPAIGN PERIOD – 3 April 2017 to 30 June 2017

The following Non-Medical Limits (NML) Table for SmartProtect Max is applicable during campaign period only.

Entry age next birthday	**Non-Medical Limits** (Sum Assured of **SPM** + IL CIPR + Waiver rider, if any)
19 – 50	Up to **RM4,000,000** (Non-campaign: RM2.50 million)
51 – 60	Up to **RM3,000,000** (Non-campaign: RM1.50 million)
61 – 69	RM500,000 (s per current medical requirements)

- The abovementioned NML for aggregated Sum Assured of (SmartProtect Max, IL Critical Illness Plus Rider-U140 and Waiver Rider - U77/U101/U102) is applicable within 2 calendar years and for Standard Lives only.
- The Sum Assured of IL CIPR (U140) and waiver rider (U77, U101 & U102) will be aggregated with the Sum Assured of SmartProtect Max to determine the Non-Medical Limits requirements.
- The calculation of NML Sum Assured of SmartProtect Max package (including IL CIPR and Waiver rider, if any) will NOT aggregate with other existing policies of the same Life Assured.
- If a Payer rider is attached to SmartProtect Max policy, there will be a separate NML checking on the payer.

QUICK REFERENCE

First enhancement – 1st April 2015

1. Updates on Financial Underwriting Limits for SmartProtect Max

- The sum assured of SmartProtect Max will NOT aggregate with other existing policies of the same life assured.
- The sum assured waiver riders - U77 (IL WPTPD) /U101 (IL PWCI) /U102 (IL PWE PWE) and IL CIPR (U140) attached to SmartProtect Max will be aggregated with the sum assured of SmartProtect Max to determine the financial underwriting requirement.

Financial Underwriting Limits (Sum Assured of SPM + IL CIPR + Waiver rider, if any)	**Minimum Financial Evidence**
Up to RM1,000,000	Not applicable
1,000,001 – 1,499,999	Financial Questionnaire Part I (to be completed by agent)
1,500,000 – 1,999,999	- Financial Questionnaire Part I (to be completed by agent) - Financial Questionnaire Part II (to be completed by Proposer)
2,000,000 and above	- Financial Questionnaire Part I & Part II - Certified ITR/ EA form for the past 3 years - Company audited accounts/ P&L for the past 3 years (if applicable) - Business registration Form 24/ 49 (if applicable)

- Launch of new rider: IL Critical Illness Plus Rider (IL CIPR, Plan code: U140)

SmartProtect Max *(Plan Code: 0429 - 0431)*

(Regular Premium Investment-Linked Term Insurance Plan)

Second enhancement – 16th January 2017

1. Updates on Non-Medical Limits and Financial Underwriting Limits for SmartProtect Max

Entry age next birthday	**Non-Medical Limits (NML)** (Sum Assured of SPM including IL CIPR and Waiver rider, if any)
19 – 50	RM2,500,000
51 – 60	RM1,500,000
61 – 69	RM500,000

Financial Underwriting Limits (Sum Assured of SPM + IL CIPR + Waiver rider, if any)	**Minimum Financial Evidence**
Up to RM3,000,000	Not applicable
RM3,000,001 to RM3,500,000	- Financial Questionnaire Part I *(to be completed by agent)* - Financial Questionnaire Part II *(to be completed by Proposer)*
RM3,500,001 and above	- Financial Questionnaire Part I & Part II - Certified ITR/ EA form for the past 3 years - Company audited accounts/ P&L for the past 3 years (if applicable) - Business registration Form 24/ 49 (if applicable)

PLAN DESCRIPTION

a) This product is a regular premium investment-linked term insurance policy with access to professionally managed Unit Funds with the benefit of the life insurance cover.
b) Premiums paid are used to purchase units in the Unit Fund(s). The policy value of this plan will vary directly with the performance of the Unit Fund(s).
c) 30:30 Illustration Rules will be used for this product. The new rule means any illustration is only quotable when Cash Value projected at high investment return scenario (Y%) is able to have positive figures illustration for 30 policy years and Cash Value projected at low investment return scenario (X%) is able to have positive figures illustration for 30 years.

BENEFITS

BASIC BENEFIT

i. Death Benefit

The Basic Sum Assured (BSA) + Additional Sum Assured (ASA) OR Total Investment Value (TIV), whichever is higher, will be payable upon death. TIV is calculated at NAV at the next Valuation Date.

ii. Total and Permanent Disability (TPD) Benefit

a) If TIV > BSA+ASA, 100% of TIV is payable in one lump sum (or be retained with the Company).

b) If TIV < BSA+ASA, only TIV is payable in one lump sum. Excess Sum Assured not exceeding RM2,000,000 shall be paid in 3 annual instalments with the first being a lump sum of the Excess Sum Assured or RM1,000,000 whichever is lesser, and the balance of the Excess Sum Assured, will be payable in two equal, annual instalments of maximum RM500,000 each.
c) Parts (a) and (b) only applies for TPD occurring prior to the policy anniversary on which the Life Assured attains age 70 next birthday.
d) The maximum TPD Benefit payable under this and all policies and riders on the same life, excluding Mortgage Decreasing Term Policy without Profits (with TPD Benefits), the Enhanced TPD Rider and Term Policy without Profits (with TPD Benefits), is RM2,000,000 per life.
e) The maximum TPD Benefit payable under this and all policies and riders on the same life, is RM 3,500,000 per life across all distribution channels.

Notes: Excess Sum Assured is the excess, if any, of BSA+ASA minus TIV.

iii. Additional Sum Assured

a) The Additional Sum Assured is payable at death or TPD is:

1% x Min (Current Sum Assured, Initial Sum Assured, RM500, 000) x completed policy years at death or TPD.

Note:
- Initial Sum Assured refers to Basic Sum Assured at policy commencement.
- Current Sum Assured refers to Initial Sum Assured with any adjustment of SA upon policyholder's request and/or auto adjustment of SA due to partial withdrawal prior to death or TPD, subject to the min BSA of RM6,000.

- The RM500, 000 capping in the formula above is per policy basis.
- No additional insurance charges apply to the Additional Sum Assured.
- Basic Sum Assured will stay level throughout whole policy term, unless policyholder choose to increase or decrease sum assured, or upon partial withdrawal.

b) The Additional Sum Assured is offered to standard and substandard lives.

Examples:

Scenario 1:
Initial Sum Assured = RM500, 000. No increase/ decrease in sum assured. Death occurs at 4 years and 3 months.
Total Additional Death Benefit payable at death = (1% x RM500, 000) x4 = RM20, 000

Scenario 2:
Initial Sum Assured = RM500, 000. Increase in Sum assured from RM500, 000 to RM650, 000 in policy year 2. Death occurs at 2 years and 6 months.
Total Additional Death Benefit payable at death = (1% x RM500, 000) x2 = RM10, 000

Scenario 3:
Initial Sum Assured = RM500,000.Do partial withdrawal of RM400,000 from TIV, and Sum assured decrease from RM500,000 to RM100,000 in policy year 10. Death occurs at 10 years and 8 months.
Total Additional Death Benefit payable at death = (1% x RM100, 000) x10 = RM10, 000

Scenario 4:
Initial Sum Assured = RM1, 000,000. No increase/ decrease in Sum assured. Death occurs at 4 years and 5 months.
Total Additional Death Benefit payable at death = (1% x RM500, 000) x4 = RM20, 000

Scenario 5:
Initial Sum Assured = RM500, 000. TIV = RM550, 000. Death occurs at 4 years and 3 months.
Total Additional Death Benefit payable at death = (1% x RM500, 000) x4 = RM20, 000
Total Death Benefit payable = Max [(RM500, 000+RM20, 000), RM550, 000] = RM550, 000

Scenario 6:
Initial Sum Assured = RM500, 000. TIV = RM510, 000. Death occurs at 4 years and 3 months.
Total Additional Death Benefit payable at death = (1% x RM500, 000) x4 = RM20, 000
Total Death Benefit payable = Max [(RM500, 000+RM20, 000), RM510, 000] = RM520, 000

iv. Maturity Benefit

The Total Investment Value (TIV) will be payable upon maturity; if any. TIV is calculated at NAV at the next Valuation Date.

v. No-lapse Guarantee

There is 6 years no-lapse guarantee for the first 6 policy years starting from the day the policy is inforced. This means that the policy and its attachable supplementary benefits shall continue to remain inforce even if the TIV becomes zero, subject to the following conditions:

a) Regular premium is payable consistently (Note: for 5-pay (Plan code: 0429), the premium will cease at 5th policy year, it's still qualified for no-lapse guarantee up to 6 years).
b) No premium holiday is allowed.
c) No partial withdrawal is allowed.
d) No reduction or termination of GSR (if any).

With the no-lapse guarantee, the Company will pay the Sum Assured (after deducting any deficit amount in the TIV) upon a valid claim event, given the conditions above are met.

However, the policy will lapse if the TIV becomes zero in any year from the 7th policy year onwards. Policy Fee and Insurance Charge due after the No Lapse Provision takes effect will be deducted when

(a) The Basic Investment Premium of this Policy is paid; or
(b) The Investment Top-ups is paid until the Policy Fee and Insurance Charge due are fully paid.

Policy Fee and Insurance Charge due after the no-lapse guarantee takes effect will also be deducted from any benefits payable under this Policy.

CHARGES

i. Insurance Charge

a) Insurance charges will be deducted in respect of Net Sum Assured.

Net Sum Assured = Basic Sum Assured – TIV, subject to minimum of zero

Note:
TIV = TIV (before any charges) + any allocated premium - Policy Fee

b) Basic benefit insurance charges depend on the attained age next birthday.
c) The monthly insurance charges are calculated as the Net Sum Assured times one twelfth of the risk rates corresponding to the attained age.
d) These charges will be deducted by selling units already allocated to the Policy, at the NAV on the next Valuation Date following the due date of the insurance charges.
e) Basic benefit insurance charge rates.

f) The company may vary these insurance charge rates by attained age next birthday, gender, occupation class, medical rating and smoking status at each policy anniversary, where applicable.

ii. Management Charge

a) A fund management charge will be deducted at each asset valuation before determining the NAV. Unit prices will reflect the deduction.

b) The management charge to be deducted is:

$$\frac{t}{250} \times K\%^* \times \text{Value of Fund}$$

where:
t = the number of business days from the preceding Valuation Date to the Current Valuation;
K%* = the percentage charge (subject to the Investment Committee's approval) for the appropriate fund as follows:

Fund	K% *
F17 Lion Enhanced Equity Fund	1.50
F18 Dana Gemilang	1.50
F1 Lion Balanced Fund	1.00
F4 Lion Fixed Income Fund	0.50
F5 Lion Progressive Fund	1.35
F6 Dana Sejati	0.50
F9 Lion Strategic Fund	1.25

* Subject to management changes

c) Value of Fund refers to the value of the appropriate fund as determined by the Company.

iii. Policy Fee

A monthly administration fee of RM6 will be deducted by selling units already allocated to the Policy from the policy owner's funds, at the NAV at the next Valuation Date, at the beginning of each policy month.

NET ASSET VALUE (NAV)

i. NAV

The price at which, the policy owner buys the units in a fund and sells the units back to the fund.

ii. Determination of Price

NAV of each fund are determined daily, after the valuation of the assets of that fund.

PREMIUM ALLOCATION

i. Insurance Premium

Premium allocation depends on the premium payment term (PPT) chosen.

Policy Year	Allocation Rate %		
	5 Years PPT	10 Years PPT	20 Years PPT
1	75.0	63.0	43.0
2	75.0	63.0	43.0
3	92.5	86.0	76.0
4	92.5	86.0	76.0
5	92.5	92.5	85.0

6	N/A	92.5	85.0
>=7	N/A	100.0	100.0

ii. Single Premium Top-Ups (SPTU) / Golden Age Enhancer (GAE)
Allocation Rate: 95%

iii. Balancer / Great Saver Rider (GSR)
Allocation Rate: 95%
Same as current CS practice, any excess in premium after SAM rule, will be treated as Balancer.

Age at Entry	* BNM_JP_IL Guideline Sum Assured Multiple (SAM) Rule
1 – 16	60
17 – 25	55
26 – 35	50
36 – 45	35
46 – 55	25
56 and above	15

Example:

- Life Assured: 30 ANB, Male Non-smoker, SAM rule of 50, for maximum basic investment premium (BIP) of RM 10,000 (RM500,000 ÷ SAM rule of 50)
  If purchase RM 500,000 basic sum assured with:
  Scenario 1: RM15, 000 annualised premium, then BIP =RM10, 000 and Balancer =RM 5,000
  Scenario 2: RM 8,000 annualised premium, then BIP= RM 8,000 and Balancer = RM 0

PREMIUM

i. Premium payment mode
Regular premium, choice of yearly, half-yearly, quarterly and monthly

Inclusion of GAE upon inception can be paid via credit card. However, SPTU during CS stage is only payable by cash or cheque.

ii. Premium mode factors
Modal premium is determined before annual premium where the annual premium is M times of the Modal premium.

Mode of Modal Premium	M
Annually	1
Half-yearly	2
Quarterly	4
Monthly	12

iii. Premium Payment Method
Internet Banking, Auto Debit, Credit Card, Cash, Cheque or Banker's Order. However, cash and cheque are not allowed for monthly mode of payment.

iv. Great Saver Rider (GSR)

NB:
- Only available for substandard case.

CS:
- During the premium payment term, if customer request to increase premium due to increase of Sum Assured, new rider inclusion, or increase premium without increase coverage, the increase of premium will be treated as GSR.

General rules apply to GSR regardless GSR is included at NB or CS stage:
- GSR premium will follow Basic Investment Premium (BIP) in term of payment mode, selection and allocation of unit funds.

vi. Golden Age Enhancer (GAE)

a) A policyholder can include GAE at inception of the policy.
b) The minimum entry age to be eligible for GAE is age 55 next birthdays.
c) The GAE will have a higher allocation rate, which is 95% as compared to the first year allocation rate of 5-Pay: 75% / 10-Pay: 63% / 20-Pay: 43%; (For plan 0429, 0430 and 0431 respectively). The high allocation rate would enable more funds to be projected into the investment funds with potential higher returns.
d) Minimum GAE amount is one time of BuP (insurance premium + balancer) and it is fixed at one time of BuP. If inclusion of GAE occurs at policy inception due to failing of 30:30 Illustration Rule, GAE will then be allowed to exceed the amount of BuP.
e) For cases with premium payment mode other than yearly mode, first policy year Insurance Premium and Balancer need not be fulfilled before GAE is payable.

FLEXIBLE OPTIONS

i. Single Premium Top-Ups (SPTU)

a) A policy owner can make single premium as investment top-ups subject to the minimum of RM 1,000 each at any time provided the current year's and all previous years' Basic Investment Premium have been fulfilled.
b) For SPTU, no adjustment on the Basic Sum Assured, Basic Sum Assured will remain unchanged.
c) SPTU only available after policy in forced, means only allow during CS stage.
d) Any policy changes, i.e. increase SA, rider inclusion after premium payment term, the required premium (based on sustainability test and subject to the min of RM1, 000) will be collected as SPTU.

ii. Premium Increment

During Premium Payment Term
A policyholder can increase the regular premium subject to the following conditions:

a) Increase in premium will be in the form of GSR and can take effect from the next premium due date subject to the following:

Mode of Payment	Minimum Increment (RM)
Annually	240
Half-yearly	120
Quarterly	60
Monthly	20

b) Policy owner can choose to keep the sum assured unchanged or increase the sum assured to the maximum sum assured (based on sustainability test) allowed.

c) The GSR premium will follow Basic Investment Premium (BIP) in terms of payment mode, selection and allocation of unit funds.

Example:
Customer is paying RM20,000 per annual for 5-pay (Plan 0429), if he request to increase premium to RM20,800 at the end of 2nd year, the extra premium of RM800 will be treated at GSR, with GSR allocation rate of 95%, from 3rd to 5th years.

d) The request of increase in regular premium (GSR) only allow during Premium Payment Term (5, 10 or 20 years; where applicable) and the GSR premium is payable up to premium payment term as per BIP.

After Premium Payment Term
Premium Increment after Premium Payment Tem due to policy changes i.e. increase SA, rider inclusion, the required premium (based on sustainability test and subject to the min of RM1, 000) will be collected as SPTU.

iii. Decrease in Premium

A policy owner can decrease the regular premium subject to the following conditions:

a) Decrease in premium can take effect from the next premium due date.
b) If the sum assured is adjusted due to the decrease in premium, the adjusted sum assured is subject to min sum assured of RM500, 000.
c)

Mode of Payment	Minimum Premium after the Decrease (RM)
Annually	1,200
Half-yearly	600
Quarterly	300
Monthly	100

iv. Partial Withdrawal

Monies can be withdrawn by selling some of the units at the NAV in one or more of the invested funds subject to the following conditions:

a) The minimum amount for partial withdrawal must equal to RM 1,000.
b) The aggregate value of the remaining units in all funds must be at least RM1, 000.
c) For partial withdrawal, Basic Sum Assured will be reduced by the amount withdrawn. If the Basic Sum Assured is reduced to an amount lower than the Min Sum Assured of RM6, 000, the Basic Sum Assured will be set to RM6, 000.

Example 1:
A policy with BSA=RM500,000 , TIV=RM509,000, customer come to exercise the partial withdrawal of RM508,000, thus, if follow the rules (c) above, BSA is reduced to an amount lower than RM6,000.So, the BSA for this policy will be set to RM6,000 after partial withdrawal.

d) If there is partial withdrawal, recalculation of the split of Insurance Premium & Balancer will be done after the reduction of sum assured.

Example 2:
If customer is 30ANB, MNS, SA=RM500k, 20-pay plan, and customer pay premium annual premium of RM15, 000. With SAM rule of 50 times, RM10, 000 will be treated as Insurance Premium and RM5, 000 at Balancer.

After partial withdrawal i.e. RM100k, the SA will be reduced to RM400k. If the customer continues to pay for RM15, 000 annual premium, based on SAM rule of 50 times, the splitting of insurance premium and balancer will be RM8, 000 & RM7, 000 respectively.

v. Fund Switching

A policy owner can sell units in any one fund at the NAV and purchase units in any of the other funds at the NAV at no charge, at any time after the policy has turned in force. The minimum amount sold to purchase units in another unit fund must equal to RM1, 000 per fund. More than one switch can be done at one time and this will be considered as a single switch.

vi. Changing Premium Apportionment

A policyholder can alter the premium apportionment at any time. After the Company receives the alteration request, the next and all future premiums will be apportioned to the Unit Funds in the new proportions subject to the minimum BuP listed in the table below:

Mode of Payment	Minimum Amount Apportionable to Each Fund (RM)
Annually	12
Half-Yearly	6
Quarterly	3
Monthly	1

UNDERWRITING GUIDELINES

Minimum/Maximum Sum Assured
Minimum : RM500, 000
Maximum : Subject to underwriting

Min/Max Age at Entry
Minimum : 19 years next birthday
Maximum : 69 years next birthday

Premium Payment Term
5 years, 10 years, 20 years

Coverage Term
30 years

Female Rates / Non-smoker Discount
Rates vary by gender and smoker statuses.

Non-Medical Limits (NML)
The sum assured of this plan will not aggregate with other existing policies of the same life assured. The standalone non-medical limits are listed below:

Age Next Birthday	NML for SmartProtect Max Basic Sum Assured and Waiver Rider
(Min entry) 19 to 50	RM 2,500,000
51 to 60	RM 1,500,000
61 to 69 (max entry)	RM 500,000

1) The NML for aggregated Sum Assured of SmartProtect Max and Waiver Riders - U77/U101/U102 is applicable within 2 calendar years.

2) If the waiver riders (U77/U101/U102) is attach in SmartProtect Max, the waiver's sum assured will include in the calculation of NML for SmartProtect Max, as per limit stated in above table.

   30% x {annual basic investment premiums + annual premiums for rider and/or supplementary benefit (where applicable)} x Min [benefit term of this rider, 10]

Example:

i. 5-Pay (Plan code: 0429) with RM6,500 annualised premium
   30% x RM6, 500 x Min (**5**, 10) = RM9, 750 (will be included in the calculation of NML for SmartProtect Max)

ii. 20-Pay (Plan code: 0431) with RM2,500 annualised premium
   30% x RM 2,500 x Min (20, **10**) = RM7, 500 (will be included in the calculation of NML for SmartProtect Max)

While if the payer riders (U79/U103) is attach in SmartProtect Max, it will have the separate NML checking on the payer.

Financial Underwriting Limits
The sum assured of SmartProtect Max will not aggregate with other existing policies of the same life assured.

The sum assured waiver riders (U77, U101 & U102) and IL CIPR (U140) attached to SmartProtect Max will be aggregated with the sum assured of SmartProtect Max to determine the financial underwriting requirement.

Financial Underwriting Limits (Sum Assured of SPM + IL CIPR + Waiver rider, if any)	**Minimum Financial Evidence**
Up to RM3,000,000	Not applicable
RM3,000,001 to RM3,500,000	- Financial Questionnaire Part I *(to be completed by agent)* - Financial Questionnaire Part II *(to be completed by Proposer)*
RM3,500,001 and above	- Financial Questionnaire Part I & Part II - Certified ITR/ EA form for the past 3 years - Company audited accounts/ P&L for the past 3 years (if applicable) - Business registration Form 24/ 49 (if applicable)

The Company reserves the right to request for any additional requirements, if deemed necessary for the purpose of prudent risk assessment.

Underwriting for Substandard Life
Follow existing practice.

CHANGES IN SUM ASSURED

Any changes in the sum assured can take effect only at the beginning of a policy month:

i. Increase in Sum Assured
Allowed up to the maximum sum assured (based on the sustainability test) and require underwriting and at least 30 days notification is given to the policy month of increment to take effect.
The increase in premium will be treated as GSR. As for increase in SA after premium payment term, the ILP Calculator will only enable the SPTU for sustainability calculation.

ii. Decrease in Sum Assured

a) Automatic Reduction
When a partial withdrawal is made, the sum assured will automatically be reduced to the sum assured prior to the withdrawal less the amount withdrawn, subject to the Minimum Sum Assured of RM6, 000. The recalculation of the split of Insurance Premium & Balancer will be done after the reduction of sum assured.

b) Voluntary Reduction
Policyholder may voluntarily reduce the sum assured, subject to the minimum sum assured limits of RM500, 000.

ALLOWANCE TO VARY CHARGES

The Company may increase the charges for existing policies in specified circumstances, up to specified limits. The charges that are allowed for changing are: *Policy Fee, Management Charge and Insurance Charge Rates.*

FUNDS

(I) Fund Asset Allocation
Policy owner can choose to invest in one or more of:

Local Funds

a) F1 Lion Balanced Fund
A fund which invests in a mixture of equities (ranging from 40% to 60%) and fixed income securities. This fund seeks to provide medium to long-term capital appreciation, with a moderate level of volatility.

b) F4 Lion Fixed Income Fund
A fund which invests in fixed income securities like government and corporate bonds (ranging from 40% to 95%) with the balance invested in cash and cash equivalent. This fund seeks to provide consistent return at low levels of volatility.

c) F5 Lion Progressive Fund
A fund which invests in a mixture of equities (ranging from 50% to 90%) and fixed income securities. This fund seeks to provide medium to long-term capital appreciation, with a moderate-to-high level of volatility.

d) F6 Dana Sejati
A fund which invests in Shariah approved debt securities, for example government and corporate sukuk (ranging from 40% to 95%) with the balance invested in Islamic money market papers/deposits. This fund seeks to provide consistent return at low levels of volatility.

e) F9 Lion Strategic Fund
A fund which invests in a mixture of equities, fixed income securities and money market instruments. There is flexibility in asset allocation as this fund may invest solely in fixed income securities or equities. This fund seeks to provide medium to long-term capital appreciation, with a moderate level of volatility.

f) F17 Lion Enhanced Equity Fund
A fund where 80% to 100% of the investments are in equities, which may be volatile in the short term. This fund seeks to achieve medium to long-term capital appreciation. Although the fund invests mainly

in Malaysia (50% to 100%), it may also partially invest in Singapore (up to 25%) and Hong Kong (up to 25%), if and when necessary, to enhance the fund's returns.

f) F18 Dana Gemilang
A fund where 80% to 100% of the investments are in equities, which may be volatile in the short term. This fund seeks to achieve medium to long-term capital appreciation. Although the fund invests mainly in Malaysia (50% to 100%), it may also partially invest in Singapore (up to 25%) and Hong Kong (up to 25%), if and when necessary, to enhance the fund's returns. The fund only invests in Shariah-approved securities.

OTHER PRODUCT FEATURES

1. Surrender Values
The cash value of the policy is the total value of all the units in all the funds selected by the policy owner based on the NAV at the Next Valuation Date.

2. Paid-up Values / Extended Term Assurance / Policy Loans / Automatic Premium Loan / Bonus Rate / Option to Purchase New Policy
Not applicable.

3. Replacement of Policies
Applicable, should policyholder with consent to replace the previous policy within 12 months from the new proposal submission, agent's commission on the new policy will be clawed.

4. Nomination/Assignment/Third Party Policy
i. There is no restriction on assigning and this policy can be issued as Third Party policy.
ii. The prevailing Government Service Tax is applicable to all premiums including single premium top-ups paid by business organisation as third parties.
iii. This minimum age at entry for policy owners should be 19 years old next birthday (age limit for life insured is according to the min & max entry age stated in an earlier page).

5. Reinstatement Period
3 years

6. Backdating
Not allowed.

7. Free-Look Period
Policy owner is allowed to cancel the policy within 15 days. Basic Investment Premium, less medical fees incurred and adjustments to reflect the change in market value of the underlying assets, will be refunded.

Equivalently, the refund is the sum of the: -
a) Total Investment Values of the policy based on the NAV at next valuation date; and
b) The investment values of the units which have been cancelled to pay for insurance charges and policy fee; and
c) The amount of the premiums that have not been allocated;
Less
Medical expenses incurred for medical examinations, if any.

8. Conversion at Maturity Privilege (Option to purchase at maturity)

i. The policyholder may purchase level sum assured Endowment or Whole Life policy up to the Net Sum Assured at the expiry/maturity date of this policy but not later than age 80 next birthday. (Last entry age for this conversion privilege is as at age 50 years next birthday)

ii. This privilege will only be made available to policies with Standard life at entry age.

iii. Application to purchase at maturity must be done 30 days before or after the maturity date of this policy.

iv. Evidence of assurability will be waived when underwriting the Life Assured for the basic death benefit of the new policy. TPD and inclusion of riders such as CI riders will be subjected to standard underwriting.

v. The Company will at its sole and absolute discretion determine the range of Whole Life or Endowment policy for which the Life Assured may apply at the time of exercising the option.

vi.

Minimum / Maximum Sum Assured of the new policy	
Minimum :	Follow the minimum Sum Assured as required by the applicable plan at the time of exercising the option
Maximum:	Net Sum Assured (rounded to the nearest ringgit) of this policy at the time of exercising the option: Net Sum Assured = Basic Sum Assured – TIV If TIV is greater than the Sum Assured at maturity, then this policy will not be entitled for the option. If the Net Sum Assured at maturity is lower than the minimum Sum Assured required for the new plan applied, then this policy will not be entitled for the option. Sum Assured= Basic Sum Assured or any subsequent changes in sum assured.

vii. Only ONE new policy can be purchased when this option is exercised. In the event where the Net Sum Assured of this policy has exceeded the maximum Sum Assured allowed for the converted policy, the policyholders will only be allowed to purchase one policy with Sum Assured equal to the Maximum Sum Assured of the new policy. This policy will be terminated immediately upon the new policy has taken effect.

viii. The premium payable on the converted policy will be based on the attained age of the Life Assured at the date of conversion

9. Termination of Premium Payment

Termination of premium payment does not directly result in policy termination.
The policy continues to remain in force as long as the TIV are positive.

10. Policy Termination

i. Premium payment terminated or not up to date

(1) <u>On Monthly Due Dates which are not premium due dates</u>

a) When TIV is sufficient to pay the policy fee plus the insurance charge, deductions continue as normal;

b) When TIV is insufficient, Policy will lapse. The lapse date is determined on a pro-rated basis.

(2) <u>On Premium Due Dates (premium due is yet to be paid)</u>

a) When TIV is sufficient to pay insurance charge and policy fee for the *modal period* and any outstanding debt, deductions continue as normal (no waiting for the grace period to be over).

b) When TIV is insufficient in respect of the *modal period*, a grace period would be given to allow for a late payment of premium before any deduction is attempted as such:

(I) If (some or full) premium is paid during the grace period resulting in the TIV being sufficient, deducting units for payment of debt, insurance charges and policy fee.
(II) If no premium is paid during the grace period, this policy will be continued in force on a pro-rated basis. Upon expiry of such pro-rated period, the policy will terminate and have no further value.

- ***Modal Period*** **means the period corresponding to premium coverage.**

ii. Premium payment up to date

(1) <u>On Monthly Due Dates which are not premium due dates</u>

a) When TIV is sufficient to pay the policy fee plus the insurance charge, deductions continue as normal;
b) When TIV is insufficient, miscellaneous debt will be extended.

(2) <u>On Premium Due Dates (premium due is paid)</u>

a) If TIV is sufficient, deductions continue as normal.

b) If TIV is insufficient,
(I) The miscellaneous debt will be extended so long as the next premium instalment is sufficient to cover insurance charges and policy fees due over the corresponding renewal modal period, after allowing for the debt expected at that time.
(II) If the next premium instalment is insufficient, the policy will be continued in force on a pro-rated basis and deemed terminated upon expiry of the pro-rated period.

RIDER /SUPPLEMENTARY BENEFITS

Unit Deduction Riders available: -

a) IL Payer Benefit Rider (Plan code: U79)
b) IL Payer Benefit Extra Rider (Plan code: U103)
