- The management charge to be deducted is:

$$\frac{t}{250} \times K\%^* \times \text{Value of Fund}$$

where:

t = the number of business days from the preceding Valuation Date to the Current Valuation;

FLEXIBLE OPTIONS

i. Single Premium Top-Ups (SPTU)

CS Stage:

- After the policy is inforce, SPTU can be included as Investment Top-Up at any time provided that the current year's and all previous years' BuP have been fulfilled.
- Minimum SPTU is RM1,000.
- Any policy changes, i.e. increase SA, rider inclusion after premium payment term, the required premium (based on sustainability test and subject to the min of RM1,000) will be collected as SPTU.

ii. Premium Increment

During Premium Payment Term:

A policyholder can increase the regular BuP subject to the following conditions:

a) Increase in premium will be in the form of GSR and can take effect from the next premium due date subject to the constraints below:

Mode of Payment	Minimum Increment (RM)
Annually	240
Half-yearly	120

Monthly	20

b) The policyholder can choose to keep the sum assured unchanged or increase the sum assured to the maximum sum assured (based on sustainability test) allowed.

c) The increase in regular BuP (GSR) during Premium Payment Term (5, 10 or 20 years; where applicable) is payable up to premium payment term.

Example:

Customer is paying RM20,000 per annual for SmartProtect Wealth 20 – 5pay, if he request to increase premium to RM20,800 at the end of 2nd year, the extra premium of RM800 will be treated at GSR, with GSR allocation rate of 95%, from 3rd to 5th years.

a) The minimum amount for partial withdrawal is RM 1,000.
b) The aggregate value of the remaining units in all funds must be at least RM1,000.
c) For partial withdrawal, Basic Sum Assured will be reduced by the amount withdrawn. If the Basic Sum Assured is reduced to an amount lower than the Minimum Sum Assured of RM6,000, the Basic Sum Assured will be set to RM6,000.

Example 1:

A policy with BSA=RM500,000, TIV=RM509,000, customer requested to exercise partial withdrawal of RM508,000 and thus, the BSA is reduced to an amount lower than RM6,000. By following rules (c) above, the BSA for this policy will be set to RM6,000 after partial withdrawal.

v. Fund Switching

A policy owner can sell units in any one fund at the NAV and purchase units in any of the other funds at the NAV at no charge, at any time after the policy has turned in force. More than one switch can be done at one time and this will be considered as a single switch.
