SmartProtect Junior *(Plan Code: 0495)*

(Regular Premium Investment-Linked Insurance Plan)

Plan Name : SmartProtect Junior 精明至宝保障
Plan Code : 0495
Product Abbreviation : SPJ
Target Launch Date : **15 April 2019 – For Pre-natal Life Assured (Unborn)**
: 22 July 2019 – For Child Life Assured (Born)

PLAN DESCRIPTION

a) This product is a regular premium investment-linked insurance policy with access to professionally managed Unit Funds with the benefit of the life insurance cover.
b) This plan provides coverage up to age 100 years next birthday.
c) Premiums paid are used to purchase units in the Unit Fund(s). The policy value of this plan will vary directly with the performance of the Unit Fund(s).
d) Illustration Rule: This rule means any illustration is only quotable when Cash Value projected under the best estimate assumptions* is able to sustain (positive figures) until maturity. This is a requirement under the Investment Linked Business (BNMRHPD 029-36 Investment-linked Business). This rule is built in FPMS and MPOS.

   * Best estimate assumptions are reflective of the actual performance of the underlying funds selected by the policy owner. In the event that the policy owner chooses multiple funds, the weighted fund growth rate based on the percentage of allocation of premiums into the respective funds will be used.
e) There'll be no GSR for standard case, while for substandard cases; GSR loading will be applicable for the case that fulfils the GSR rules under item **Premium vi**.
f) The policy will lapse if the Total Investment Value falls to zero or lesser except when NLG is in effect.

BENEFIT

BASIC BENEFIT

i. Death Benefit

Life Assured	Period	Death Benefit
Unborn child	Pre-birth up to the next monthly due date after the child's birth	Nil for the basic plan (Refer to benefit under Pre-natal Cover Riders (Plan Code: H7A/B – H74A/B)
Unborn child	Starting from the next monthly due date following the child's birth	Basic Sum Assured (BSA) + Additional Sum Assured (ASA) + Total Investment Value (TIV). TIV is calculated at NAV at the next Valuation Date
Child	Upon policy inception	

The Basic Sum Assured (BSA), Additional Sum Assured (ASA) plus Total Investment Value (TIV) will be payable upon death. TIV is calculated at NAV at the next Valuation Date.

In the event death occurs before age of 5, 100% of TIV and the following percentage of Basic Sum Assured are payable.

Age next birthday	Death Benefit after Lien
0-1	20% of the Basic Sum Assured
2	40% of the Basic Sum Assured
3	60% of the Basic Sum Assured
4	80% of the Basic Sum Assured

Full life cover will be given from age 5 years next birthday.

If the Actual Due Date (ADD) is updated by the policyholder, the Risk Commencement Date (RCD) will be updated to reflect the ADD and the coverage will be based on ADD, no adjustments of charges and billing will be made.
If the ADD is not updated, the coverage and insurance charge will be based on RCD date.

Note: RCD= next monthly due date (MDD) immediately following the Expected Due Date (EDD).

ii. Total and Permanent Disability (TPD) Benefit

Life Assured	Period	TPD Benefit
Unborn child	Pre-birth up to the next monthly due date after the child's birth	Not applicable
Unborn child	Starting from the next monthly due date following the child's birth	a) 100% TIV is payable in one lump sum (or be retained with the Company). b) The BSA and ASA not exceeding RM10,000,000 shall be paid in 3 annual instalments with the first being a lump sum of the BSA and ASA or RM2,000,000 whichever is lesser, and the balance of the BSA and ASA (if any), will be payable in two equal annual instalments of maximum RM4,000,000 each. c) Parts (a) and (b) only applies for TPD occurring prior to the policy anniversary on which the Life Assured attains age 70 next birthday. d) The TPD cover for child below age 5 next birthday is subject to the lien as per Death Benefit. Full TPD cover will be given from age 5 next birthday onwards. The maximum TPD Benefit payable under this and all policies and riders on the same life, is RM10,000,000 per life (excluding group policies).
Child	Upon policy inception	

If the Actual Due Date (ADD) is updated by the policyholder, the Risk Commencement Date (RCD) will be updated to reflect the ADD and the coverage will be based on ADD, no adjustments of charges and billing will be made.
If the ADD is not updated, the coverage and insurance charge will be based on RCD date.

Note: RCD= next monthly due date (MDD) immediately following the Expected Due Date (EDD).

iii. Additional Sum Assured (ASA)

a) The Additional Sum Assured payable at death or TPD is:

1% x Min (Current Sum Assured, Initial Sum Assured) x Min (completed policy years at death or TPD, 30 years).

Note:
- Initial Sum Assured refers to BSA at policy commencement.
- Current Sum Assured refers to BSA at death or TPD.
- Basic Sum Assured will stay level throughout whole policy term, unless policyholder choose to increase or decrease sum assured

b) The ASA for child below age 5 next birthday is subject to the lien as per Death Benefit.
c) There are no additional insurance charges for ASA.
d) The Additional Sum Assured is offered to standard and substandard lives.

Examples:-

Scenario 1:
Initial Sum Assured = RM100,000. No increase/ decrease in sum assured. Death occurs at 10 years and 3 months.
Total ASA = (1% x RM100,000)x10 = RM10,000
Total Death Benefit = RM100,000 + RM10,000 + TIV = RM110,000 + TIV

Scenario 2:
Initial Sum Assured = RM100,000. Increase in Sum assured from RM100,000 to RM150,000 in policy year 7. Death occurs at 7 years and 6 months.
Total ASA = (1% x RM100,000)x 7 = RM7,000
Total Death Benefit =RM150,000 + RM7,000 + TIV = RM157,000 + TIV

Scenario 3:
Initial Sum Assured = RM500,000. Decrease in Sum assured from RM500,000 to RM 300,000 in policy year 3. Death occurs at 35 years and 8 months.
Total ASA = (1% x RM300,000)x30 = RM90,000
Total Death Benefit = RM300,000+ RM90,000+ TIV = RM390,000 + TIV

Scenario 4:
Initial Sum Assured = RM200,000. No increase/ decrease in sum assured. Death occurs at 40 years and 2 months.
Total ASA = (1% x RM200,000) x 30 = RM60,000
Total Death Benefit = RM200,000 + 60,000 + TIV = RM260,000 + TIV

Scenario 5:
Initial Sum Assured = RM15,000,000. No increase/ decrease in sum assured. TPD occurs at 32 years and 2 months. Death occurs at 40 years and 5 months.

- TPD claim amount:
  = Min (ASA + BSA, RM10,000,000)
  = Min (RM4,500,000 + RM15,000,000, RM10,000,000)
  = RM10,000,000
  This TPD claim amount will be payable in 3 annual instalments with the first being a lump sum of RM2,000,000 and the balance will be payable in two equal,

annual instalments of RM4,000,000 each. There will not be any ASA payout in the future as the ASA portion of RM4,500,000 will be advanced first before the BSA in determining the TPD claim amount. Remaining sum assured = RM15,000,000 – RM5,500,000 = RM9,500,000

- After TPD claim, the COI will be charged on the remaining sum assured of RM9,500,000.
- Total Death Benefit
  = RM9,500,000 + TIV

iv. Waiver of Partial Withdrawal Charge and Full Surrender Charge Upon Death of Policyholder's Immediate Family Members *

Partial Withdrawal Charge and Full Surrender Charge shall be waived upon death of Policyholder's Immediate Family Member while these charges are still applicable.

Company must be notified and Death Certification and proof of relationship of deceased must be submitted together with the request for Partial Withdrawal or Full Surrender. Such waiver is only applicable for partial withdrawals[#] and full surrender transaction that are performed within 6 months from the date of death of their Immediate Family Members.

*Immediate Family Member means parents, spouse and children.

[#] There is no limit on the number of times of partial withdrawal allowed as long as it is within 6 months from the date of death of their Immediate Family Members.

v. Maturity Benefit

The Total Investment Value (TIV) less indebtedness, if any, will be payable upon maturity; if any. TIV is calculated at NAV at the next Valuation Date.

vi. No-lapse Guarantee (NLG)

There is 3 years no lapse guarantee for the first three policy years starting from the day the policy is inforced. This means that the policy and its attachable supplementary benefits shall continue to remain inforce even if the TIV becomes zero, subject to the following conditions:

a) Regular premium is payable consistently.
b) No premium holiday is allowed.
c) No partial withdrawal is allowed

When no-lapse guarantee is in effect, all benefits (after deducting any deficit amount in the TIV) shall be payable upon a valid claim event, given the conditions above are met.

However, the policy will lapse if the TIV becomes zero in any year from the 4th policy year onwards.

Policy Fee and Insurance Charge due after the No-lapse guarantee has taken effect will be deducted when
(a) the Budgeted Premium and Great Saver Rider premium (if any) of this Policy is paid; or
(b) the Investment Top-ups is paid
until the Policy Fee and Insurance Charge due are fully paid.

Policy Fee and Insurance Charge due after the No-lapse guarantee has taken effect will also be deducted from any benefits payable under this Policy.

PRE-NATAL LIFE POLICY DATES

- Pre-natal policies will have Date of Commencement starting from policy inception where coverage for the Smart Baby Shield Plus (H72A/B – H74A/B) will begin.
- Coverage for the basic plan and other attachable riders will start on the next monthly anniversary/due date (MDD) immediately following the Expected Due Date (EDD).
- The expected billing date is the date used to begin deduction of insurance charges from the policy.
- All attachable riders, except for the following riders, will apply the same algorithm as the basic plan to determine the Risk Commencement Date, apart from their respective waiting period.
  * Smart Baby Shield Plus (Plan Code: H72A/B – H74A/B)
  * IL Payer Benefit Extra Rider (Jr) (Plan Code: U148)
  * IL Spouse Payer Benefit Extra Rider (Jr) (Plan Code: U114)

Note: The coverage for the above riders will start based on Date of Commencement instead of Risk Commencement Date.

CHARGES

i. **Insurance Charge**

Life Assured	Insurance Charge
Unborn child	a) The insurance charges will start based on the Risk Commencement Date. b) Insurance charges will be deducted starting from the next monthly anniversary following the Expected Due Date. c) Charges will be deducted based on the gender of child identified during underwriting stage. d) However, if gender is unknown, insurance charges will be deducted assuming child is male. The policyholder needs to update the gender after policy inforce. * Please refer to the Riders / Supplementary Benefits section for the full list of riders that can be attached to this plan. e) Basic benefit insurance charges depend on the attained age next birthday at last policy anniversary. Not applicable
Unborn child	f) The monthly insurance charges are calculated as the sum assured times one twelfth of the risk rates corresponding to the attained age. g) These charges will be deducted by selling units already allocated to the Policy, at the NAV on the next Valuation Date following the due date of the insurance charges. h) Basic benefit insurance charge rates follow existing regular premium ILP basic benefit insurance charge rates. i) The company may vary these insurance charge rates at the end of the two-year period.

Child	a) Basic benefit insurance charges depend on the gender and attained age next birthday. b) The monthly insurance charges are calculated as the sum assured times one twelfth of the risk rates corresponding to the attained age. c) These charges will be deducted by selling units already allocated to the Policy, at the NAV on the next Valuation Date following the due date of the insurance charges. d) Basic benefit insurance charge rates follow existing regular premium ILP basic benefit insurance charge rates. e) The company may vary these insurance charge rates at the end of the two-year period.

NET ASSET VALUE

i. NAV

The price at which the policy owner buys the units in a fund and sells the units back to the fund.

ii. Determination of Price

NAV of each fund are determined daily, after the valuation of the assets of that fund.

PREMIUM

i. Premium payment mode

Regular premium, choice of yearly, half-yearly, quarterly and monthly

Inclusion of SPTU upon inception can be paid via credit card. However, SPTU during CS stage is only payable by JomPay.

ii. Premium mode factors

Modal premium is determined before annual premium where the annual premium is M times of the Modal premium.

Mode of Modal Premium	M
Annually	1
Half-yearly	2
Quarterly	4
Monthly	12

iii. Premium Payment Method

Internet Banking, Credit Card, JomPay, GIRO, ePAY or Cash / Cheque payment via Collecting Bank (over-the-counter, ATM & cheque deposit machine). However, cash and cheque are not allowed for monthly mode of payment.

SPTU during CS stage is only payable by JomPay.

iv. Advance Premium

APA account is not applicable. Follow existing IL plans' practice, all premium paid will be allocated to the funds as chosen by the policy owner.

v. Balancer (Applicable at CS Stage only)

For reduction of sum assured or increase of premium at CS stage: Any excess in premium after SAM rule will be treated as Balancer.

Age at Entry	Sum Assured Multiple (SAM) Rule
0 – 16	60
17 – 25	55
26 – 35	50
36 – 45	35
46 – 55	25
56 and above	15

vi. Great Saver Rider (GSR) – Applicable at NB stage only

- Only available for substandard case.
- GSR premium will follow Budgeted Premium (BuP) in term of fund selection and payment mode.
- Customer CANNOT amend the GSR premium at CS stage (cannot increase/reduce GSR premium), but customer has the right to terminate the GSR.
- Will use Annexure "GSRS".

PREMIUM ALLOCATION

i. Types of Account

Premiums paid for this policy will be allocated into **Insurance Premium Account (IPA) or Top-Up Premium Account (TUPA)** as follow:

IPA	TUPA
Insurance Premium	1) Balancer 2) SPTU

If EduSaver is attach to SmartProtect Junior, the premium will be allocated to EFA account.

Education Fund Account (EFA)
IL EduSaver Premium

- No transfer of value between the three accounts is allowed.

ii. Insurance Premium

The insurance premiums are allocated to the unit funds at the following rates:

Policy Year	Allocation Rate %
1st	60
2nd	60
3rd	60
4th	80
5th	80
6th	80
7th	95
8th	95
9th and subsequent years	100

iii. Single Premium Top-Ups / Balancer / GSR
Allocation Rate: 95%

CHARGES

Overview of charges that are deducted from IPA & TUPA & EFA

Charges	IPA	TUPA	EFA	Remarks
Partial Withdrawal Charge	√	*x*	*x*	
Full Surrender Charge	√	*x*	*x*	
Insurance Charge	√	√	*x*	Proportionately deducted from both IPA & TUPA
Policy Fee	√	√	*x*	Proportionately deducted from both IPA & TUPA

i. <u>Charges deducted from IPA only</u>

a) Partial Withdrawal Charge
- Partial Withdrawal Charge will be deducted from the withdrawal amount.
- Only the withdrawal amount from IPA will be subject to Partial Withdrawal Charge. Withdrawal of TIV from TUPA, if any, is not subject to Partial Withdrawal Charge.
- The percentage chargeable will be based on number of months that premium paid since the Issue Date of the policy.

Number of Months That Premium is Paid	Partial Withdrawal Charge (as % of Withdrawn Amount)
1 – 12	0%
13 – 24	0%

Change to 0% for partial withdrawal charge with implementation date: 22 July 2019

Note:
If the request of partial withdrawal is submitted while the partial withdrawal is still applicable, such withdrawal shall first be made from the TUPA, if any, and followed by the IPA.

b) Full Surrender Charge
- Full Surrender Charge will be deducted from the surrender amount.
- Upon full surrender, a percentage of the TIV in IPA will be deducted from the total TIV as Full Surrender Charge. TIV in TUPA, if any, is not subject to Full Surrender Charge.
- The percentage chargeable will be based on number of months that premium is paid since the Issue Date of the policy.

Number of Months That Premium is Paid	Full Surrender Charge (as % of Surrender Amount)
1 – 12	0%
13 – 24	0%
Thereafter	Nil

Change to 0% for full surrender charge with implementation date: 22 July 2019

ii. **Charges deducted from both IPA and TUPA proportionately**

The following charges will be deducted from both IPA and TUPA proportionately. The proportion of charges to be deducted from the respective IPA and TUPA shall be determined by dividing the TIV in each account by the TIV of both IPA and TUPA.

a) Insurance Charge

- Insurance charges depend on the attained age next birthday, gender, occupation class, medical rating and smoking status, where applicable. The company may vary these insurance charges at each policy anniversary.
- The monthly insurance charges are calculated as the sum assured times one twelfth of the risk rates corresponding to the attained age.
- These charges will be deducted by selling units already allocated to the Policy, at the NAV on the next Valuation Date following the due date of the insurance charges.
- Basic benefit insurance charge rates follow existing regular premium ILP basic benefit insurance charge rates.

b) Policy Fee

A monthly administration fee of RM6 will be deducted by selling units already allocated to the Policy from the policy owner's funds, at the NAV at the next Valuation Date, at the beginning of each policy month.

If the life assured is an unborn child at the commencement of the policy, policy fee for the pre-natal period will be collected upfront at policy inception.

iii. **Fund Management Charge**

- A fund management charge will be deducted at each asset valuation before determining the NAV. Unit prices will reflect the deduction.
- The management charge to be deducted is:

$$\frac{t}{250} \times K\%^* \times \text{Value of Fund}$$

where:

t = the number of business days from the preceding Valuation Date to the Current Valuation;

K%* = the percentage charge (subject to the Investment Committee's approval) for the appropriate fund as follows:

Fund	K% *
F17 Lion Enhanced Equity Fund	1.50
F18 Dana Gemilang	1.50
F1 Lion Balanced Fund	1.00
F4 Lion Fixed Income Fund	0.50
F5 Lion Progressive Fund	1.35
F6 Dana Sejati	0.50
F21 Lion Advanced Strategic Fund	1.35
F22 Lion Small Mid Cap Fund	1.40
F26 Lion ASEAN Fund	1.50
F10 Lion US-i Fund	0.75
F11 Lion UK-i Fund	0.75
F12 Lion AU-i Fund	0.75
F27 Lion Equity Global Sustainability Fund	1.50
F28 Lion Physical Gold Fund	0.60

* subject to management changes

- Value of Fund refers to the value of the appropriate fund as determined by the Company.

FLEXIBLE OPTIONS

i. Single Premium Top-Ups (SPTU)

NB Stage

- For Life Assured aged between 14 days attained age and age 15 (based on max age for this plan) next birthday – for born child.
- SPTU can be included at policy inception if Illustration Rule failed.
- Minimum SPTU at inception is RM1,000 and increases in multiples of RM100.
- First policy year BuP need not be fulfilled for SPTU that is attached due to failing Illustration Rule.

CS Stage

- After the policy is inforce, SPTU can be included as investment top-ups at any time provided that the current year's and all previous years' BuP have been fulfilled.
- Minimum SPTU is RM 1,000.

Note: SPTU is allowed during pre-natal period and for born child.

ii. Premium Increment

A policyholder can increase the regular BuP subject to the following conditions:

a) Increase in premium can take effect from next premium due date, subject to the constraints below:

Mode of Payment	Minimum Increment (RM)
Annually	240
Half-yearly	120
Quarterly	60
Monthly	20

b) The policyholder may choose to increase the premium without increasing the coverage. Any excess in the premium increment (after calculating the maximum Insurance Premium

which commensurate with the sum assured chosen by the policyholder) will be treated as Balancer.

c) Any increase in premium will be treated as a new premium for the purpose of allocation to the unit funds.
d) This option is not allowed during pre-natal period, but allowed for born child.

iii. Decrease in Premium

A policyholder can decrease the regular premium subject to the following conditions:

a) Decrease in premium can take effect from the next premium due date.
b) For policy amendments (i.e amendment on the premium or sum assured) after policy is in force, agent will use ILP Alteration Calculator to check for premium sufficiency.

Mode of Payment	Minimum Premium after the Decrease (RM)
Annually	1,200
Half-yearly	600
Quarterly	300
Monthly	100

c) This option is not allowed during pre-natal period, but allowed for born child.

iv. Partial Withdrawal

Monies can be withdrawn by selling some of the units at the NAV in one or more of the invested funds subject to the following conditions:

a) The minimum amount for partial withdrawal is RM 1,000 after deducting Partial Withdrawal Charge and indebtedness, if any.
b) The aggregate value of the remaining units in all funds must be at least RM1,000 after deducting Partial Withdrawal Charge and indebtedness, if any.
c) Partial withdrawal is subject to Partial Withdrawal Charge. Please refer to **Charges i.a). Partial Withdrawal Charge**.
d) This option is not allowed during pre-natal period, but allowed for born child.

v. Fund Switching

A policy owner can sell units in any one fund at the NAV and purchase units in any of the other funds at the NAV at no charge, at any time after the policy has turned in force. The minimum amount sold to purchase units in another unit fund is RM1,000 per fund. However, if the fund is less than RM1,000, it can be done provided all the units in that fund are switched. More than one switch can be done at one time and this will be considered as a single switch. This option is allowed during pre-natal period and for born child.

vi. Changing Premium Apportionment

A policyholder can alter the premium apportionment at any time. After the Company receives the alteration request, the next and all future premiums will be apportioned to the Unit Funds in the new proportions subject to the minimum BuP listed in the table below:

Mode of Payment	Minimum Amount Apportionable to Each Fund (RM)
Annually	12
Half-Yearly	6
Quarterly	3
Monthly	1

This option is allowed during pre-natal period and for born child.

UNDERWRITING GUIDELINES

Budgeted Premium (BuP)

Mode of Payment	Minimum BuP (RM)	Maximum BuP (RM)
Annually	1,200	N/A
Half-Yearly	600	
Quarterly	300	
Monthly	100	

Insurance Premium (IP)

Mode of Payment	Min IP (NB) (RM)	Min IP (CS) (RM)	Maximum IP (RM)
Annually	1,200	240	No Limit
Half-Yearly	600	120	
Quarterly	300	60	
Monthly	100	20	

Minimum/Maximum Sum Assured for Basic Benefit

Minimum : RM12,000

Maximum : Subject to sufficiency tests whereby projected funds is sufficient to meet projected risk and other charges over a pre-specified period up to max of RM500,000.

Min/Max Age at Entry

Category	Minimum	Maximum
Life Assured – Unborn child	13 weeks of gestational period	36 weeks of gestational period
Life Assured – born Child	14 days attained age	15 age next birthday

Premium Payment Term

Same as Coverage Term.

Coverage Term

Till 100 years age next birthday.

Female Rates / Non-smoker Discount

Rates vary by gender and smoker statuses.

Large Sum Assured Discount (LSAD)

Net Sum Assured (RM) (Basic Sum Assured)	Discount on Annual Insurance Charge (%)
100,000 – 249,999	10%
250,000 – 499,999	15%
500,000	20%

Notes:

a. The discount on annual insurance charge will be applied across male, female, smoker and non-smoker.

b. For substandard cases, LSAD will only apply to the standard basic insurance charge, where the loaded basic insurance charge will not be discounted.

Backdating
Not Applicable.

Non-Medical Limits
The proposal will be underwritten based on the combined Sum Assured of Basic Benefit and riders (if applicable). The non-medical limits are based on current Internal Underwriting Guidelines / Field Underwriting Manual.

Underwriting for Substandard Life
Follow existing practice.

Note: For pre-natal policy, it will be available for twins together with Smart Baby Shield Plus (Plan Code: H72A/B – H74A/B).

CHANGES IN SUM ASSURED

Any changes in the sum assured will take effect from the next Insurance Charge due date:

i. Increase in Sum Assured
Allowed up to the maximum sum assured (based on the sustainability test) and subject to underwriting.

ii. Decrease in Sum Assured
Policyholder may voluntarily reduce the sum assured, subject to the minimum sum assured limits.

Note: All the options above are not allowed during the pre-natal period.

ALLOWANCE TO VARY CHARGES

The Company may increase the charges for existing policies in specified circumstances, up to specified limits. The charges that are allowed for changing are: *Partial Withdrawal Charge, Full Surrender Charge, Policy Fee, Fund Management Charge and Insurance Charge.*

ALLOWANCE TO VARY PREMIUM

In the event that the insurance charge of the basic plan or its attaching riders has been revised upwards, the Company may increase the budgeted premium and / or GSR to support the increase in insurance charge.

FUNDS

(I) Fund Asset Allocation
Policy owner can choose to invest in one or more of:

Local Funds

a) F1 Lion Balanced Fund

A fund which invests in a mixture of equities (ranging from 40% to 60%) and fixed income securities. This fund seeks to provide medium to long-term capital appreciation, with a moderate level of volatility.

Effective 27 July 2026

A fund which invests in a mixture of equities (ranging from 30% to 70%) and fixed income securities. This fund seeks to provide medium to long-term capital appreciation, with a moderate level of volatility.

b) F4 Lion Fixed Income Fund

A fund which invests in fixed income securities, for example government and corporate bonds as well as cash and cash equivalents. This fund seeks to provide consistent return at low levels of volatility. Although the fund invests mainly in Malaysia (40% to 100%), it may also partially invest in foreign fixed income securities (up to 50%), to enhance the fund's returns.

c) F5 Lion Progressive Fund

A fund which invests in a mixture of equities (ranging from 50% to 90%) and fixed income securities. This fund seeks to provide medium to long-term capital appreciation, with a moderate-to-high level of volatility.

d) F6 Dana Sejati

A fund which invests in Shariah approved fixed income securities, for example government and corporate sukuk as well as Islamic money market papers/deposits. This fund seeks to provide consistent return at low levels of volatility. Although the fund invests mainly in Malaysia (40% to 100%), it may also partially invest in foreign Shariah approved fixed income securities (up to 50%), to enhance the fund's returns.

e) F17 Lion Enhanced Equity Fund

A fund where 80% to 100% of the investments are in equities. This fund seeks to achieve medium to long term capital appreciation. Although the fund invests mainly in Malaysia (50% to 100%), it may also partially invest in companies that have significant business operations in Singapore (up to 25%) and Greater China (Mainland China, Hong Kong, Macau and Taiwan) (up to 25%), if and when necessary, to enhance the fund's returns.

f) F18 Dana Gemilang

A fund where 80% to 100% of the investments are in equities. This fund seeks to achieve medium to long-term capital appreciation. Although the fund invests mainly in Malaysia (50% to 100%), it may also partially invest in companies that have significant business operations in Singapore (up to 25%) and Greater China (Mainland China, Hong Kong, Macau and Taiwan) (up to 25%), if and when necessary, to enhance the fund's returns. The fund only invests in Shariah-approved securities.

g) F21 Lion Advanced Strategic Fund

A fund which invests in a mixture of equities, fixed income securities and money market instruments in Malaysia and companies that have significant business operations in Asia. There is flexibility in asset allocation as this fund may invest solely in fixed income securities or equities. Collective investment schemes such as unit trusts, mutual funds and exchange-traded funds which invest in such underlying asset classes maybe considered. The fund seeks to maximize capital appreciation over the medium to long-term while reducing risks and/or enhancing returns through timely and dynamic switching of asset classes in different markets at any given point in time.

h) F22 Lion Small Mid Cap Fund

A fund where 60% to 100% of investments are in equities with the balance in cash and/or cash equivalents, which may be volatile in the short term. This fund seeks to achieve medium to long-term capital appreciation, investing in Malaysian (50% to 100%) Small and Medium Market Capitalisation ("Small Mid Cap") equities. It may partially invest in foreign Small Mid Cap equities (Asia Pacific excluding Japan region) if and when necessary, to enhance the fund's returns.

i) F26 Lion ASEAN Fund

A fund where 80% to 100% of the investments are in equities. The Fund seeks to maximise capital appreciation over the medium to long-term while reducing risks and/or enhancing returns through timely and dynamic switching of asset classes in ASEAN markets at any given point in time. The balance of the fund's net asset value will be invested in domestic short-term money market instruments including cash. Collective investment schemes such as unit trusts, mutual funds and exchange-traded funds which invest in such underlying asset classes may be considered.

International Funds

a) F10 Lion US-i Fund

A fund which is passively managed and aims to track the performance of S&P500 over the medium to long term (indexing strategy), which may be volatile in the short term. This fund seeks to provide medium to long-term capital appreciation.

b) F11 Lion UK-i Fund

A fund which is passively managed and aims to track the performance of FTSE100 over the medium to long term (indexing strategy), which may be volatile in the short term. This fund seeks to provide medium to long-term capital appreciation.

c) F12 Lion AU-i Fund

A fund which is passively managed and aims to track the performance of S&P/ASX200 over the medium to long term (indexing strategy), which may be volatile in the short term. This fund seeks to provide medium to long-term capital appreciation.

c) F27 Lion Equity Global Sustainability Fund

A feeder fund that aims to maximize total return through the diversification in global equities market and participation in the dynamic growth of the world capital markets. The fund is also managed in a manner consistent with the principles of Environmental, Social and Governance ("ESG") focused investing.

The fund seeks to gain at least 80% of its investments exposure to equity securities of companies domiciled in, or the main business of which is in, developed countries worldwide. The equity-related securities include financial derivative instruments (FDIs).

The fund may, when determined appropriate, invest in money market instruments (MMIs), deposits and cash. The MMIs may be issued by governments, government agencies, companies and supranationals and may be investment grade, non-investment grade or unrated at the time of purchase.

e) F28 Lion Physical Gold Fund

A feeder fund that aims to seek exposures into Gold investment which is subject to the volatility and risks involved of a physical gold fund.

Note: Policyholders do not have access to physical or in-kind redemption of gold.

(II) Investment Strategy
Policy owner can choose one of the investment strategies:

With Strategy Package

OTHER PRODUCT FEATURES

Surrender Values
The cash value of the policy is the total value of all the units in all the funds selected by the policy owner based on the NAV at the Next Valuation Date. Surrender is subject to Full Surrender Charge. Please refer to **Charges i. b) Full Surrender Charge**. Full Surrender Charge and indebtedness, if any will be deducted from the surrender amount.

Paid-up Values / Extended Term Assurance / Policy Loans / Automatic Premium Loan / Bonus Rate / Option to Purchase New Policy
Not applicable.

Replacement of Policies
Applicable. An agent or agency leader may not receive any compensation with respect to a policy, which replaced another policy within a duration of less than 12 months before or after the original policy is discontinued subject to the current practice.

Nomination/Assignment/Third Party Policy
a) There is no restriction on assigning and this policy can be issued as Third Party policy.
b) The minimum age at entry for policy owners should be 19 years old next birthday (age limit for life insured is according to the min & max entry age stated in an earlier page).

Reinstatement Period
3 years. Reinstatement is subject to the deduction of any indebtedness to the company.
Reinstatement will not be allowed if the lapse period happened during Pre-natal period.

Free-Look Period
Policy owner is allowed to cancel the policy within 15 days. Budgeted Premium (BuP), less medical fees incurred and adjustments to reflect the change in market value of the underlying assets, will be refunded.

Equivalently, the refund is the sum of the: -
a) Total Investment Values of the policy based on the NAV at next valuation date; and
b) The investment values of the units which have been cancelled to pay for insurance charges and policy fee; and
c) The amount of the premiums that have not been allocated;
Less
Medical expenses incurred for medical examinations, if any; and

Conversion at Maturity Privilege (Option to purchase at maturity)
Not applicable

Termination of Premium Payment
Termination of premium payment does not directly result in policy termination. The policy continues to remain in force as long as the TIV are positive.

Policy Termination
On Monthly Due Dates, if TIV is insufficient to pay the policy fee and insurance charge, the policy will lapse. The lapse date is determined on pro-rated basis.

Vesting Age
Applicable.
When the Life Assured attains the age of twenty-six (26) years next birthday, all rights, interests, powers and obligations under this Policy shall cease and the Life Assured will become the new policyowner.

RIDERS/ SUPPLEMENTARY BENEFITS

Unit Deduction Riders available: -

Pre-natal Benefits:
a. Smart Baby Shield Plus (Plan code: H72A/B – H74A/B)

Hospitalisation and Surgical Benefits:
b. IL Hospitalisation Benefits Rider (Plan code: U75)
c. SmartMedic Shield (Plan code: U211-U213)
d. SmartMedic Shield Extender (Plan code: U223)
e. SmartMedic Shield Extender Special (Plan code: U214) – *Tranche Product*
f. SmartMedic Shield Plus (Plan code: U215-U217)
g. Smart Critical Relief (Plan code: U190)
h. Smart Critical Relief Campaign (Plan code: U234/U836) – *Tranche Product*
i. SmartMedic Shield Double Annual Limit (Plan code: U231 – U233) – *Tranche Product*

Covered Event Benefits:
j. IL Critical Illness Benefit Rider (Plan Code: U100)
k. Smart Multi Critical Care (Plan Code: U189)
l. IL Critical Illness Plus Rider (Plan code: U140)
m. IL Junior CI Plus Rider (Plan code: U149)

Saver Benefits:
n. IL EduSaver (Plan Code: U146)

AGENCY REQUIREMENT

Only agents who have passed the Certificate Examination in Investment-Linked Life Insurance (CEILI) examination conducted by the Malaysian Insurance Institute (MII) or its equivalent are allowed to sell investment-linked life insurance policies.

EXCLUSION

The Company shall refund TIV and Investment Values of the units which have been cancelled to pay for Insurance Charges and policy fees due after the Risk Commencement Date and the amount of premiums that have not been allocated to purchase units in the event of death of the Life Assured which:
1. Resulted from commits suicide within one year from the Risk Commencement Date while sane or insane.

No payment of benefits will be made for Total and Permanent Disability which: -
2. Resulted from self-inflicted bodily injuries while sane or insane; or
3. Resulted from bodily injury sustained as a result of parachuting or sky diving or engaging in aerial flights other than as a crew member or as a fare-paying passenger of an International Airline operating on a regular scheduled route; or
4. Existed at Risk Commencement Date of this Policy or at the date of any reinstatement, whichever is later.

APPENDIX 1 TERMINOLOGY

a) Budgeted Premium (BuP) = Insurance Premium + Balancer (if any)

b) Indebtedness: shall mean any unpaid policy fee and insurance charge. Any indebtedness insured will be deducted from premium paid and any benefit or claim proceeds payable.

APPENDIX 2 (INSURANCE CHARGES TABLE)

SmartProtect Junior
