BENEFITS

i. Death Benefit

The Basic Sum Assured (BSA), Additional Sum Assured (ASA) plus Total Investment Value (TIV) will be payable upon death. TIV is calculated at NAV at the next Valuation Date.

In the event death occurs before age of 5, 100% of TIV and the following percentage of Basic Sum Assured are payable.

Age next birthday	Death Benefit after Lien
0-1	20% of the Basic Sum Assured
2	40% of the Basic Sum Assured
3	60% of the Basic Sum Assured
4	80% of the Basic Sum Assured

Full life cover will be given from age 5 years next birthday.

ii. Total and Permanent Disability (TPD) Benefit

a) 100% TIV is payable in one lump sum (or be retained with the Company).
b) The BSA and ASA not exceeding RM10,000,000 shall be paid in 3 annual instalments with the first being a lump sum of the BSA and ASA or RM2,000,000 whichever is lesser, and the balance of the BSA and ASA (if any), will be payable in two equal annual instalments of maximum RM4,000,000 each.
c) Parts (a) and (b) only applies for TPD occurring prior to the policy anniversary on which the Life Assured attains age 75 next birthday.
d) The TPD cover for child below age 5 next birthday is subject to the lien as per Death Benefit. Full TPD cover will be given from age 5 next birthday onwards.
e) The maximum TPD Benefit payable under this and all policies and riders on the same life, is RM10,000,000 per life (excluding group policies).

iii. Additional Sum Assured (ASA)

a) The Additional Sum Assured payable at death or TPD is:

1% x Min(Current Sum Assured, Initial Sum Assured) x Min (completed policy years at death or TPD, 40 years).

Note:
- Initial Sum Assured refers to BSA at policy commencement.
- Current Sum Assured refers to BSA at death or TPD.
- Basic Sum Assured will stay level throughout whole policy term, unless policyholder choose to decrease sum assured.

b) The ASA for child below age 5 next birthday is subject to the lien as per Death Benefit.
c) There are no additional insurance charges for ASA.

Examples:-
Scenario 1:
Initial Sum Assured = RM50,000. No increase/ decrease in sum assured. Death occurs at 4 years and 3 months.
Total ASA = (1% x RM50,000) x 4 = RM2,000
Total Death Benefit = RM50,000 + RM2,000 + TIV = RM52,000 + TIV

Scenario 2:
Initial Sum Assured = RM50,000. Decrease in Sum assured from RM50,000 to RM30,000 in policy year 3. Death occurs at 55 years and 8 months.
Total ASA = (1% x RM30,000) x 40 = RM12,000
Total Death Benefit = RM30,000 + RM12,000 + TIV = RM42,000 + TIV

Scenario 3:
Initial Sum Assured = RM50,000. IL CI Benefit Rider with Sum Assured of RM50,000 is attached in policy year 2. No increase/ decrease in Sum assured. CI occurs at 4 years and 3 months. Death occurs at 10 years and 5 months.

- After CI claim at 4 years and 3 months, there is no longer any Basic Sum Assured on this policy. The ASA of RM2,000* along with TIV will be payable upon death / TPD claim.
  **ASA at 4 years and 3 months = (1% x RM50,000) x 4 = RM2,000*
- Total Death Benefit at 10 years and 5 months = RM2,000 + TIV.

Scenario 4:
Initial Sum Assured = RM50,000. IL CI Benefit Rider with Sum Assured of RM40,000 is attached in policy year 2. No increase/ decrease in Sum assured. CI occurs at 5 years and 3 months. Death occurs at 15 years and 5 months.

- After CI claim at 5 years and 3 months, the ASA of RM2,500* along with TIV will be payable upon death / TPD claim. The ASA will still apply for the remaining Current Sum Assured of RM10,000**.
  **ASA at 5 years and 3 months = (1% x RM50,000) x 5 = RM2,500*
  ***Current Sum Assured = Initial Sum Assured – IL CI Benefit Rider Sum Assured = RM50,000 – RM40,000 = RM10,000*
- Total ASA payable at death
  = max [(1% x RM10,000)x15, ASA after CI claim]
  = max [RM1,500, RM2,500] = RM2,500
- Total Death Benefit
  = RM10,000 + RM2,500 + TIV = RM12,500 + TIV

Scenario 5:
Initial Sum Assured = RM50,000. IL CI Benefit Rider with sum assured of RM10,000 is attached in policy year 2. No increase/ decrease in sum assured. CI occurs at 14 years and 3 months. Death occurs at 20 years and 5 months.

- After CI claim at 14 years and 3 months, the ASA of RM7,000* along with TIV will be payable upon death / TPD claim. The ASA will still apply for the remaining Current Sum Assured of RM40,000**.
  **ASA at 14 years and 3 months = (1% x RM50,000) x 14 = RM7,000*
  ***Current Sum Assured = Initial Sum Assured – IL CI Benefit Rider Sum Assured = RM50,000 – RM10,000 = RM40,000*
- Total ASA payable at death
  = max [(1% x RM40,000)x20, ASA after CI claim]
  = max [RM8,000, RM7,000] = RM8,000
- Total Death Benefit
  = RM40,000 + RM8,000 + TIV = RM48,000 + TIV

Scenario 6:
Initial Sum Assured = RM50,000. No increase/ decrease in sum assured. Death occurs at 60 years and 2 months.
Total ASA = (1% x RM50,000) x 40 = RM20,000
Total Death Benefit = RM50,000 + RM20,000 + TIV = RM70,000 + TIV

iv. Maturity Benefit
The Total Investment Value (TIV) less indebtedness, if any, will be payable at the maturity date stated in schedule. TIV is calculated at NAV at the next Valuation Date.

v. No-lapse Guarantee (NLG)
There is 3 years no lapse guarantee for the first three policy years starting from the day the policy is inforce. This means that the policy and its attachable supplementary benefits shall continue to remain inforce even if the TIV becomes zero, subject to the following conditions:
a) Regular premium is payable consistently.
b) No premium holiday is allowed.
c) No partial withdrawal is allowed

When no-lapse guarantee is in effect, all benefits (after deducting any deficit amount in the TIV) shall be payable upon a valid claim event, given the conditions above are met.

However, the policy will lapse if the TIV becomes zero in any year from the 4th policy year onwards.

Policy Fee and Insurance Charge due after the No-lapse guarantee has taken effect will be deducted when
(a) the Budgeted Premium and Great Saver Rider premium (if any) of this Policy is paid; or

until the Policy Fee and Insurance Charge due are fully paid.

Policy Fee and Insurance Charge due after the No-lapse guarantee has taken effect will also be deducted from any benefits payable under this Policy.
