Age Next Birthday on Policy Anniversary Preceding occurrence of critical illness	Critical Illness Benefit
1	20% of rider sum assured
2	40% of rider sum assured
3	60% of rider sum assured
4	80% of rider sum assured

This benefit is subject to RM5,000,000 on any one life under all policies (excluding Bancassurance and Group policies) issued by the Company.
(a)After the claim on Angioplasty and other invasive treatments for coronary artery disease, the basic sum assured and the rider sum assured will be reduced accordingly. In addition, the claim on 49 covered event will still be allowed, subject to the balance amount of the rider sum assured.

- Both the basic sum assured and rider sum assured (for other CI claim) will be reduced to RM90K and the policy will continue to be in force. This means if there is other CI claim subsequently, the payout would be RM90K.
- The premium paid for the basic plan will be based on the reduced basic sum assured (RM90K) whereas the premium paid for the rider will be based on the original rider sum assured (RM100K), despite the CI claim for Angioplasty and other invasive treatments for coronary artery disease at policy year 10.

Example (4):
Assumptions:
Life Assured : 1 year NB on policy anniversary preceding occurrence of covered event
Basic Sum Assured : RM100K
Critical Illness Care Rider Sum Assured : RM100K
